Prepared by: Ingrid Allen, Planner I

SUBJECT: Quasi Judicial Hearing: Ordinance 1st Reading, ZB 7-3-05 Park Rezonings (Townwide).

AFFECTED DISTRICT: Townwide

TITLE OF AGENDA ITEM: AN ORDINANCE OF THE TOWN OF DAVIE, FLORIDA, APPROVING REZONING PETITION ZB 7-3-05, CHANGING THE CLASSIFICATION OF EIGHT (8) EXISTING PARKS/OPEN SPACE SITES FROM AGRICULTURAL DISTRICT (A-1), PLANNED RESIDENTIAL DEVELOPMENT DISTRICT (PRD), GRIFFIN CORRIDOR DISTRICT (FTN), RESIDENTIAL/OFFICE DISTRICT (RO), LIGHT INDUSTRIAL DISTRICT (M-1), LOW DENSITY DWELLING DISTRICT (R-2) TO RECREATION/OPEN SPACE DISTRICT (RS); AMENDING THE TOWN ZONING MAP TO COMPLY THEREWITH; PROVIDING FOR SERVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.

REPORT IN BRIEF: The request is to rezone eight (8) existing parks and open space sites (a cumulative total of 306 acres) from various zoning districts to Recreation/Open Space (RS) zoning district in order to be consistent with the requirements of an agreement between the Town of Davie and the County and/or State at the time of funding. This rezoning includes both Town-owned and County-owned parks and open space sites (see attachments) located throughout the Town. This rezoning was initially brought about by two map amendments to the Broward County Land Use Plan which were approved by the Broward County Board of County Commissioners on December 14, 2004. The land use plan amendments were for those sites acquired through the 2000 Safe Parks and Land Preservation Bond Programs as well as sites acquired through the 1989 Environmentally Sensitive Lands Bond referendum. These changes in land use are consistent with the intent of both bond issues; to preserve land and reduce development opportunity associated with each acquired parcel.

The Town of Davie received a letter from the Broward County Environmental Protection Department – Biological Resources Division on February 2, 2005 which requested that the Town rezone the following park and open space sites consistent with the Recreation Open Space designation:

- Pine Island Ridge Natural Area
- Math Igler Groves

- Vista View Regional Park Addition

The following five (5) Town-owned parks that were acquired with assistance through the Broward County Land Preservation Bond and FCT (with the exception of East Davie Nature Park which was a Westbrook mitigation acquisition) are also included in this rezoning:

- Van Kirk Groves
- Sunny Lake Bird Sanctuary
- Clark Parcels
- Wes Griffin Park
- East Davie Nature Park

PREVIOUS ACTIONS: None

CONCURRENCES: At the January 11, 2006 Planning and Zoning Board meeting, Mr. Stevens made a motion, seconded by Mr. Luis, to approve ZB 7-3-05. (Motion carried 3-0)

RECOMMENDATION(S): Staff finds the subject application complete and suitable for transmittal to Town Council for further consideration.

RE: ***ZB 7-3-05, Rezoning of eight (8) existing parks/open space sites from various zoning districts to Recreation and Open Space (RS) zoning district.***

Background Information

The Town of Davie is proposing to rezone eight (8) existing parks and open space sites (a cumulative total of 306 acres) from various zoning districts to Recreation/Open Space (RS) zoning district. This rezoning includes both Town-owned and County-owned parks and open space sites (see Exhibit A) located throughout the Town. This rezoning was initially brought about by two map amendments to the Broward County Land Use Plan which were approved by the Broward County Board of County Commissioners on December 14, 2004. The land use plan amendments were for those sites acquired through the 2000 Safe Parks and Land Preservation Bond Programs as well as sites acquired through the 1989 Environmentally Sensitive Lands Bond referendum. Those sites containing predominantly native vegetative communities were changed to Conservation – Natural Reservation land use. The remaining sites were changed to Recreation Open Space land use. These changes in land use are consistent with the intent of both bond issues; to preserve land and reduce development opportunity associated with each acquired parcel.

The Town of Davie received a letter from the Broward County Environmental Protection Department – Biological Resources Division on February 2, 2005 which requested that the Town rezone the following park and open space sites consistent with the Recreation Open Space designation:

- Pine Island Ridge Natural Area
- Math Igler Groves
- Vista View Regional Park Addition

The following five (5) Town-owned parks that were acquired with assistance through the Broward County Land Preservation Bond and FCT (with the exception of East Davie Nature Park which was a Westbrook mitigation acquisition) are also included in this rezoning:

- Van Kirk Groves
- Sunny Lake Bird Sanctuary
- Clark Parcels
- Wes Griffin Park
- East Davie Nature Park

Applicable Codes and Ordinances

Section 12-307 of the Land Development Code, review for rezonings.

Section 12-24 (J)(15) of the Land Development Code, Recreation/Open Space (RS) District: The RS District is intended to implement the parks and recreation classification of the Town of Davie Comprehensive Plan by providing areas for the development of nonprofit active or passive recreational facilities and the preservation of open space.

Comprehensive Plan Consideration

Applicable Goals, Objectives & Policies:

Future Land Use Element, Policy Group 11: Recreation and Open Space Use: Abundant Open Space, including equestrian facilities, is a principal characteristic of the Town of Davie. Open space, equestrian trails and parks compliment the rural and western themes central to Davie's identity. Recreation and Open Space Policies, and land development regulations, are centered around the maintenance of open space and provision of recreation facilities.

Future Land Use Element, Policy Group 11: Recreation and Open Space Use, Policy 11-2: The location and designation of lands for Recreation and Open Space use shall recognize the need for active and passive recreational facilities while preserving opens spaces for aesthetic and environmental purposes.

Future Land Use Element, Policy Group 11: Recreation and Open Space Use, Policy 11-5: The location and development of parks and recreational facilities shall be compatible with the demands and needs as expressed by the Davie population, and shall consist of a minimum of ten (10) acres for every 1,000 existing and projected permanent residents, pursuant to Policy 1.1.1. of the Recreation, Open Space, and Conservation Element of the Comp. Plan

Future Land Use Element, Objective 17: Land Use Compatibility and Community Appearance: Comprehensive Plan policies and land development regulations shall continue to encourage preservation, enhancement and maintenance of the Town's semi-rural character and western themed downtown business district, elimination of land uses found to be inconsistent with the character of the community and prevention of future incompatible uses.

Future Land Use Element, Objective 17: Land Use Compatibility and Community Appearance, Policy 17-2: No property within the Town shall be rezoned to a zoning district that is not in compliance with the Davie Future Land Use Plan.

Recreation, Open Space, and Conservation Element, Goal 3: To preserve and protect the natural resources of the Town for the use and enjoyment of the existing and future residents.

Staff Analysis

The Recreation and Open Space (RS) zoning district is applicable in all Town land uses categories and thereby does not pose a zoning conflict in any of the parks and open space sites in this rezoning. Therefore, staff finds the subject application complete and suitable for transmittal to Town Council for further consideration.

Findings of Facts
Rezonings:
Section 12-307(A) (1):
The following findings of facts apply to the rezoning request:

(a) The proposed change is not contrary to the adopted comprehensive plan, as amended, or any element or portion thereof;

The comprehensive plan allows the Recreation/Open Space (RS) zoning district in all future land use categories. The underlying land use categories consist of Residential, Special Classification R2, Commercial, RAC and Residential/Office land use. This request is therefore consistent with the Town of Davie Comprehensive Plan.

(b) The proposed change will not create an isolated zoning district unrelated and incompatible with adjacent and nearby districts;

The zoning designation of Recreation/Open Space (RS) is compatible with adjacent and nearby districts and will not create an isolated zoning district.

(c) Existing zoning district boundaries are not logically drawn in relation to existing conditions on the property proposed for change;

This rezoning will properly reflect the existing park use and therefore rectify existing zoning district boundaries which are not logically drawn in relation to existing conditions.

(d) The proposed change is not expected to adversely affect living conditions in the neighborhood;

The rezoning of existing parks/open space sites to the Recreation/Open Space (RS) zoning district is not expected to adversely affect living conditions in the neighborhood as the park use is not changing as a result of this rezoning.

(e) The proposed change will not create or excessively increase automobile and vehicular traffic congestion above that which would be anticipated with permitted intensities or densities of the underlying land use plan designation, or otherwise affect public safety;

Designating already existing parks/open sites to Recreation/Open Space (RS), will not generate more traffic than what is anticipated by the various underlying Future Land Use Plan Map designations of Residential, Special Classification R2, Commercial, RAC, Residential/Office as the underlying land use categories anticipate traffic levels generally in excess of those generated by parks.

(f) The proposed change is not expected to adversely affect other property values;

The proposed rezoning of existing parks/open space sites to Recreation/Open Space (RS) is not expected to adversely affect other property values, in fact, studies by the ULI indicate that property values are greater when adjacent to a park.

(g) The proposed change will not be a deterrent to the improvement or development of other property in accord with existing regulations;

Designating existing parks/open space sites to Recreation/Open Space (RS) will not deter the adjacent properties from being developed, as this designation does not increase the existing development rights on the property.

(h) The proposed change does not constitute a grant of special privilege to an individual owner as contrasted with the welfare of the general public;

This rezoning is required as part of an agreement between the Town of Davie and the County and/or State at the time of funding and will not give an individual owner a unique benefit that harms the welfare of the general public

(i) There are not substantial reasons why the property cannot be used in accord with existing zoning.

All of the sites included in this rezoning are existing parks/open space. The intent of this rezoning is to properly reflect, on a zoning map, the existing use of each site.

(j) The proposed zoning designation is the most appropriate designation to enhance the Town's tax base given the site's location relative to the pattern of land use designations established on the future land use plan map, appropriate land use planning practice, and comprehensive plan policies directing land use location.

The proposed zoning designation of (RS) is the most appropriate as it currently exists as a park, enhances surrounding land values, and provides services for the residents of the Town.

Conclusion

This proposed rezoning is consistent with the goals, objectives and policies of the Comprehensive Plan and will serve as a mechanism to further preserve parks and open space sites and properly reflect the existing park and open space use.

RE: Rezoning Application No. ZB 7-3-05

Dear Neighbor:

This letter is to invite you to a citizen participation meeting relating to the rezoning of eight (8) existing parks and open space sites located throughout the Town of Davie. The purpose of this rezoning is to properly zone all eight (8) parks and open space sites from various zoning districts to **Recreation/Open Space (RS)** zoning district. This proposed rezoning will serve as a mechanism to further preserve parks and open space and properly reflect the existing park use.

Below is a list of the eight (8) parks/open space sites proposed to be rezoned to the Recreation and Open Space (RS) zoning district.

PARK/OPEN SPACE SITE NAME	ADDRESS/LOCATION
Pine Island Ridge Natural Area	North of Orange Dr., between Nob Hill Rd. and Pine Island Rd.
Math Igler	Northwest corner of South Hiatus Rd. and SW 26 St.
Vista View Regional Park Addition	Northwest corner of Orange Dr. and SW 142 Ave.
Van Kirk Groves	SW 26 St. and SW 136 Ave.
Sunny Lake Bird Sanctuary	5300 Griffin Rd.
Clark Parcels	SW 8 St., East of SW 136 Ave.
Wes Griffin Park	2300 SW 71 Terr.
East Davie Nature Park	5350 SW 58 Ave.

Under a Town of Davie ordinance, the petitioner is required to hold two (2) citizen participation meetings and send notice to all property owners within 1,000 feet of the subject site prior to the Town initiating their review of the application. We have scheduled the following meetings:

First Citizen Participation Meeting:

Date/Time: Tuesday, December 20, 2005/6:00pm
Location: Robbins Lodge (Main Room), 4005 Hiatus Road, Davie, FL

Second Citizen Participation Meeting:

Date/Time: Tuesday, December 27, 2005/6:00pm
Location: East Side Community Center (Comm. Hall), 4300 SW 55 Avenue, Davie, FL

If you wish to submit written comments, please send them to: Town of Davie, Planning and Zoning Division (ZB 7-3-05), Attn: Ingrid Allen, 6591 Orange Drive, Davie, FL 33314. Please be advised that there will be additional opportunities for public input at the Planning and Zoning Board and Town Council public hearings.

Sincerely,

Mark A. Kutney

Summary of Discussion
Public Participation Meeting #1
Parks Rezoning ZB 7-3-05

The first of two (2) Public Participation meetings was held at 6:00pm in the Main Room of Robbins Lodge, and was attended by thirteen (13) Town of Davie property owners (see Attachment 4).

The meeting began with a brief introduction, by Ingrid Allen, of Planning and Zoning staff present along with an overview of handouts available at the sign-in table. The handouts included aerial maps of each park along with an overlay of existing zoning and land use categories. The meeting proceeded with an explanation of the Town's Public Participation ordinance which requires that a minimum of 2 (two) public meetings be conducted with "affected parties". The "affected parties" in this case included all property owners located within 1000 feet of the each park. Participants were also advised of both the Planning and Zoning Board and Town Council public hearing dates whereby their comments may also be presented.

Ms. Allen then proceeded to define and explain the existing zoning and land use categories for each park. She explained that the rezoning request will serve as a mechanism to further preserve parks and open space and properly reflect the existing park use. An overview of the zoning and land use requirements of the Land Preservation Bond and the Florida Communities Trust programs, which is how these parks were initially acquired, was also given.

A question and answer session followed Ms. Allen's presentation. Some of the participants raised concern over the lack of master/site plans for these parks and suggested that site plans be submitted along with rezoning applications. The one park mentioned in particular was Van Kirk Groves. Their concerns centered on the eventual use of the park and that it would potentially become active rather than passive. Concerns included the installation of more lights and parking spaces. A suggestion was made from one of the property owners to have two (2) recreation/open space zoning districts, one being active and the other passive. Other participants voiced their opinion in favor of the rezoning which they stated would protect these parks from residential development.

It was explained to the participants that the rezoning protects the existing parks as parks and does not influence the actual design of the park or whether the park would become active or passive. It was also added that when a park master plan/site plan is eventually submitted for a particular park, this separate process, would once again trigger two sets of public participation meetings whereby property owners can voice their comments.

Public Participation Meeting #2
Parks Rezoning ZB 7-3-05

The second of two (2) Public Participation meetings was held at 6:00pm in the Community Hall of the East Side Community Center, and was attended by four (4) Town of Davie property owners (see Attachment 6).

The meeting began with a brief introduction, by Ingrid Allen, of Planning and Zoning staff present along with an overview of handouts available at the sign-in table. The handouts included aerial maps of each park along with an overlay of existing zoning and land use categories. The meeting proceeded with an explanation of the Town's Public Participation ordinance which requires that a minimum of 2 (two) public meetings be conducted with "affected parties". An overview of the zoning and land use requirements of the Land Preservation Bond and the Florida Communities Trust programs, which is how these parks were initially acquired, was also given.

A question and answer session followed Ms. Allen's presentation. Mr. Sean Gray raised concern over the eventual use of the East Davie Nature Park and that it would potentially become active rather than passive. Concerns raised included the addition of parking spaces and lights. Other participants voiced their opinion in favor of the rezoning which they stated would protect these parks from residential development.

It was explained to the participants that the rezoning protects the existing parks as parks and does not influence the actual design of the park or whether the park would become active or passive. The Van Kirk Groves site is one street north of our property and I would appreciate knowing what can be expected through rezoning of that site. Thank you for your help. Shirley Ruggles

Mrs. Ruggles:

Thank you for your inquiry. According to the Town of Davie Comprehensive Plan, Open Space is defined as undeveloped lands suitable for passive recreation or conservation uses. Parks can be defined as either passive or active recreation. The use of the phrase 'recreation and open space' applies to a zoning category. This zoning category is defined as areas of development of nonprofit active or passive recreational facilities and the preservation of open space.

The proposed rezoning of the Van Kirk site will simply preserve it as a park. The rezoning has no bearing on the facilities that may or may not be included within the site. This would be a completely different process which would eventually trigger another round of public participation meetings.

Summary of Phone Calls

12-16-05 – 10:40 am - Mrs. Nessnah Brown called with a question regarding facilities at the East Davie Nature Park. Her concern was with the potential inclusion of parking spaces and a baseball field at the park. I advised Mrs. Brown that the rezoning will simply preserve the park and would have no bearing on the facilities that may or may not be included within the park. I explained to her that this would be a completely different process which would eventually trigger another round of citizen participation meetings.
