

# Town Council Agenda Report

**SUBJECT:** Resolution

**TITLE OF AGENDA ITEM:**

A Resolution of the Town of Davie, Florida, ratifying the Davie Community Redevelopment Agency's purchase of benches and trash receptacles for the Davie Road Beautification Project.

**REPORT IN BRIEF:**

The Davie Beautification Project is approaching the point where the CRA will need to purchase benches and trash receptacles as referenced in the project plans and contract with Weekley Asphalt Paving, Inc. for installation. Due to the wide variety of these materials, the CRA has identified the benches and trash receptacles which it desires to purchase and have Weekley install. This would be a sole source purchase for Victor Stanley products. Victor Stanley products are usually top of the line items. We could purchase less expensive materials, but they would not last as long. In addition, the CRA wishes to solicit donations from area businesses/residents to purchase the benches, so we are confident that we can recoup the bench costs. In exchange, the CRA will provide a small plaque with the donor's name on the bench. The CRA intends to purchase 20 benches and 12 trash receptacles. Attached are examples of the materials. The price includes freight costs. Installation by Weekley will be extra but is spelled out in our agreement. The benches and receptacles will be placed at the small linear park-like areas in front of the Chamber of Commerce and Lum's restaurant, as well as along both sides of Davie Road.

**PREVIOUS ACTIONS:** Installation of benches and trash receptacles has been previously approved by Resolution R- 227.

**CONCURRENCES:** The CRA Board approves the purchase of these materials.

**FISCAL IMPACT:**

Is appropriation required? no

Funding appropriated? yes (\$23,885.68)

Account name: Capital Outlay and Davie Road Beautification

Additional Comments: These materials will be paid from the CRA account.

**RECOMMENDATION(S):** Motion to approve resolution ratifying CRA's purchase the benches and trash receptacles.

**Attachment(s):** Resolution

### CASTING-DETAIL

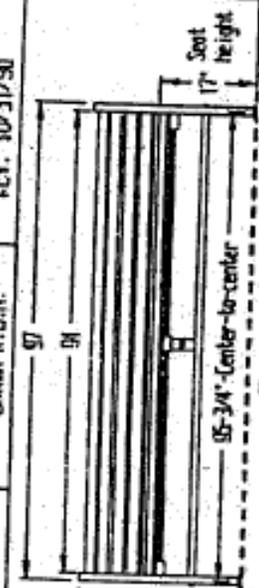

Ductile iron castings  
come with a 5 year  
warranty against  
breakage.

3/8" I.D.  
anchor bolt hole

All fabricated components  
are steel shot-blasted,  
etched, phosphatized  
and electrostatically  
powder-coated with full  
polyester powder  
coatings.

All specifications are  
subject to change.  
Please contact factory  
for details.

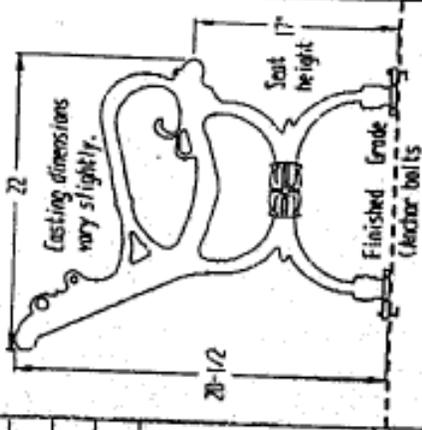

### FRONT VIEW

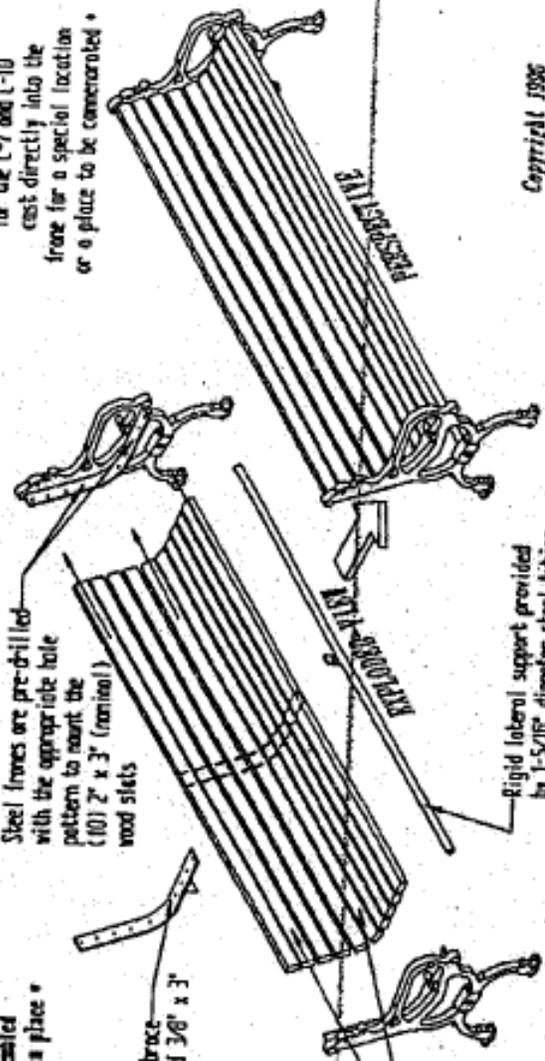

Center-to-center distances are approximate.  
(variations in castings arise  
from different rates of cooling)

Note:  
• It is NOT recommended  
to locate anchor bolts  
until assembled  
bench is in place \*

### SIDE VIEW

\* Custom lettering is available  
for the (-7 and (-10  
cast directly into the  
frame for a special location  
or a place to be commemorated \*

Steel frames are pre-drilled  
with the appropriate hole  
pattern to mount the  
(10) 2" x 3" (nominal)  
wood slats

Rigid center brace  
constructed of 3/8" x 3"  
solid steel

Rigid lateral support provided  
by 1-5/16" diameter steel tubing  
joining the two ends together

1-1/2" long x 1/4" O.D. wood  
resistant lag screws fasten  
wood slats to steel supports  
from beneath
