

DECLARATION OF SUPPORT

*For the U.S. Military Personnel
A DECLARATION OF THE TOWN OF DAVIE, FLORIDA*

WHEREAS, on September 11, 2001 certain terrorist organizations viciously and without provocation attacked our great country in tremendous loss of life; and

WHEREAS, these terrorists organizations and enemies of democracy have continued to pursue different avenues of violence and threats of violence which cut to the heart of the freedom and liberty that we hold dear; and

WHEREAS, this call to duty has directly affected the citizens of this community, by requiring our sons and daughters, sisters, husbands and wives, and employees to sacrifice time away from loved ones and friends as well as face possible loss of life; and

WHEREAS, our citizens willingly go forward to answer the call of our country because they know that the freedom and liberty that we enjoy today are the fruits of spilled blood from our forefathers and that this is a very noble and honorable cost; and

WHEREAS, the Town Council of the Town of Davie, Florida recognizes that our freedom has been brought with a price, and must sometimes defend this freedom despite our differences; for we face an enemy that would rather stand on the platform of martyrdom than sit at the seat of negotiation. Therefore we must not let our differences of opinion aid our enemy while at the same time dampen the spirit of our military.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF DAVIE, FLORIDA a statement of support for the men and women serving the U. S. military at this time and especially the men and women which are citizens of our community. May God bless them and our great Country.

This declaration is hereby signed and dated on the 7th day of May, 2003.
