**REPORT IN BRIEF:** On March 3, 2004, at the Town Council meeting, Planning and Zoning staff was directed to research, coordinate, and provide regulations addressing music lessons as a home occupation.

The intent of the proposed regulations is to protect and preserve the residential character of established Town of Davie neighborhoods while recognizing that the music lesson profession is traditionally carried on in the home and is compatible with the long-term integrity of a single-family residential neighborhood.

The proposed land development regulations have been drafted to ensure that this particular use will have limited adverse impacts on neighboring residents. The proposed regulations address the number of music lessons that are permitted, the duration of music lessons, the total square footage permitted for music lessons, the permitted amount of noise produced from music lessons, the amount of parking and traffic permitted for music lessons.

Staff recommends approval of the proposed amendment to the land development code to regulate vehicle sales and rental within the Town limits.
