PREPARED BY: Bruce Taylor (Heidi Cavicchia)

SUBJECT: Resolution

AFFECTED DISTRICT: Townwide

TITLE OF AGENDA ITEM: A RESOLUTION OF THE TOWN OF DAVIE, FLORIDA, ACCPETING THE BID FOR TWO 4” TRAILER MOUNTED SEWAGE PUMPS FROM POWER AND PUMPS, INC.

REPORT IN BRIEF: A competitive bid was conducted for the purchase of two 4” trailer mounted sewage pumps. The Town sent out bid specifications to seventeen (17) prospective bidders. The Town received six (6) responses. The low bid was received from Thompson Pump (\$41,000); however it was determined that their bid did not include a sound attenuating enclosure and the pump does not meet the performance specifications with respect to TDH, both of which are critical specifications. Therefore, the decision was made to exclude this bid and consider the bidder to be non-responsive.

The recommendation is for the second lowest bidder, Power and Pumps, Inc. at a cost of \$56,718. Their bid included a sound attenuation enclosure meeting the 74 db at 30 feet specification and has a maximum TDH or 130 feet and is able to pump 180 gallons per minute.

MEMORANDUM

FROM: Bruce Taylor, Utilities Director *BT*

RE: Bid Recommendation – Trailer Mounted 4" Sewage Pumps

After reviewing the bids submitted for the 4" Trailer Mounted Sewage Pumps, we have determined that the low bidder, Thompson Pump, does not include a sound attenuating enclosure and the pump does not meet the performance specifications with respect to TDH, both of which are critical specifications. Therefore, they should be excluded and considered non-responsive.

The second ranked bidder, Power and Pumps, Inc., is the low bidder as they meet the specifications and are therefore a responsive and responsible bidder. Their bid included a sound attenuation enclosure meeting the 74db at 30 feet specification and has a maximum TDH of 130 feet and is able to pump 180 gallons per minute.

We have attached a spreadsheet with a summary of important specs and whether the bid meets the specs. We are recommending acceptance of the bid submitted by Power and Pumps, Inc. at a cost of \$56,718.

If you have any questions, please contact me.
