SUBJECT: Resolution to adopt the Local Road Master Plan

AFFECTED DISTRICT: Town-wide

ITEM REQUEST: **Schedule for Council Meeting**

TITLE OF AGENDA ITEM: ADOPTION - A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF DAVIE, FLORIDA, ADOPTING THE LOCAL ROAD MASTER PLAN FOR THE TOWN OF DAVIE; AUTHORIZING THE MAYOR TO ACKNOWLEDGE SUCH APPROVAL BY AFFIXING HIS SIGNATURE TO SAID RESOLUTION; AND PROVIDING FOR AN EFFECTIVE DATE. (tabled from July 2, 2008)

REPORT IN BRIEF: The Local Road Master Plan addresses specific transportation issues raised in the 2005 Evaluation and Appraisal Report (EAR) of the Comprehensive Plan. The proposed Local Road Master Plan provides analysis of the current roadway conditions, identifies major issues of the Town and proposes a prioritized project list to correct identified deficiencies.

At the July 2, 2008 Town Council meeting, this item was tabled to August 6, 2008 to allow the consultant to incorporate all changes to the document made by the Town Council. All modifications made at the July 2, 2008 meeting have been incorporated in the document.

In order to maintain consistency with Technical Memorandum 5 (the document that was used to establish Council consensus on the list of road projects) the project numbers in the Final Project List (Table 12, beginning on page 59) have been maintained even though several projects have been deleted. The only exception is that projects 13 and 68 have been switched to accommodate the change in project priority as directed by Town Council. As requested by Town Council, the following 17 projects were removed from Table 12:

#12, #22, #28, #41, #42, #45, #46, #47, #52, #57, #59, #61, #69, #81, #82, #84, #85.

After the July 2, 2008 Council meeting, Will Allen, CRA Director, noted that the LRMP did not include the improvements necessary to connect 61st Avenue to the future Oakes Road Extension (as is shown in the Regional Activity Center Master Plan). This was apparently an oversight because the connection, is noted in the Regional Activity Center Master Plan and would extend approximately 130 ft. over Town-owned property (former Town utility plant site). Thus, Staff recommends that this be added to the list of Proposed Future Roadways and Projects as Project # 87 (mid-term, 5-10 years), as shown on the following map.
