SUBJECT: Resolution
TA 01-1 Trafficways Amendment

TITLE OF AGENDA ITEM:

A RESOLUTION OF THE TOWN OF DAVIE, FLORIDA, AUTHORIZING STAFF TO TRANSMIT TRAFFICWAYS PLAN AMENDMENT APPLICATION TA-01-1 TO THE BROWARD COUNTY PLANNING COUNCIL; AND PROVIDING FOR AN EFFECTIVE DATE.

REPORT IN BRIEF:

Requesting a resolution to amend the Broward County Trafficways Plan to delete Orange Drive from said Trafficways Plan from Davie Road to SW 36th Street. Orange Drive is identified on the Plan as a future four-lane collector road.

The Broward County Trafficways Plan is a roadway right-of-way preservation plan. The intent of the Trafficways Plan is to provide consistent right-of-way dedication for future roadway improvements for parcels of land adjacent to such trafficway corridors. Originally, Orange Drive and Griffin Road were placed on the Trafficways Plan to create a pair of parallel one-way roads. In 1987, the Griffin Road right-of-way was increased from 80' to 120', per the Trafficways Plan, in preparation for the creation of a six-lane major arterial, serving the needs of the region, thereby eliminating the need for Orange Drive to remain on the Trafficways Plan.

Orange Drive does not operate as a major collector road, as identified on the Broward County Trafficways Plan, due to the traffic diverters at University Drive and Flamingo Road. Adjacent land uses and future land use map designations are primarily low-density residential and open space along this portion of Orange Drive, which combined with the segmentation of the road, due to FDOT traffic diverters, does not support widening to four lane and status as a regional trafficway. The widening of Griffin Road to six lanes has also eliminated the need for Orange Road to be widened to four lanes.

Amendments to the Trafficways Plan may be initiated by local governments by resolution.

PREVIOUS ACTIONS: The Broward County Board of Commissioners approved the deletion of Orange Drive from the Trafficways Plan between SR 7 to Davie Road, on September 28, 2000.
