Executive Summary

Town of Davie Community Development Block Grant (CDBG) Program

Proposed CDBG Action Plan For FY 2001/02

The Town of Davie is an "entitlement" recipient of federal funds from the U.S. Department of Housing and Urban Development (HUD). As such, the Town anticipates receiving \$583,000 in Community Development Block Grant (CDBG) funds for Fiscal Year 2001/02 (October 1, 2001 - September 30, 2002) to address community development and housing needs. As a prerequisite for receiving these funds, an *Action Plan* has been developed which outlines the proposed use of the FY 2001/02 CDBG funds, and describes how the proposed projects/activities will address the goals and objectives outlined in the Town's *Consolidated Plan for Federal Funds 1997-2002* which was adopted by the Davie Town Council on July 16, 1997.

Proposed CDBG Funding for FY 2001/02

#2001-1 Single-Family Rehabilitation Program \$60,000 - Provision of financial assistance (loans and/or grants) on a Town-wide basis, to eligible low/moderate-income homeowners to make needed home repairs, and replace existing substandard and leaking roofs. (Housing)

#2001-2 Emergency Assistance Program (Public Service) \$22,000 - Provision of emergency financial assistance on a Town-wide basis to eligible lower-income Davie residents, to prevent homelessness and/or address emergency situations such as the need for food, shelter, transportation, health care, on a case-by-case basis. These funds may be provided contractually through not-for-profit sub-recipient agencies (Hope Outreach, Inc. and/or EASE Foundation), or under the direction of the Town's Housing & Community Development Director. Section 1 - The Town of Davie: A Historical Overview

The Town of Davie is located southwest of Fort Lauderdale in Broward County, midway between Miami and Palm Beach. Settled at the turn of the century, Davie was identified as the "first improved town in the Everglades". Construction of irrigation and drainage canals began in the early 1900's; and, the first permanent settlers arrived from the Panama Canal Zone in 1909. They named the swampy area "Zona", in recognition of their former home. "Zona" was renamed in 1916, in recognition of R. P. Davie's presence in the settlement. Davie was originally incorporated on November 16, 1925 and was dissolved during the following legislative session to avoid the taxation resulting from incorporation. Davie was reincorporated on June 22, of 1961 with less than 2,000 residents.

Davie is the eighth (8th) largest municipality in Broward County, with a population of 75,720 persons, as of April 1, 2000. This represents a steady growth since the 1990 Census, when Davie's population was 47,143 persons. The 1980 Census listed the population as 20,515, representing a 129.8% increase in the ten year period from 1980 to 1990.

The median age in Davie is 35.5 years. The Town's median household income is \$37,650, which is higher than Broward County's median of \$30,605⁵. Davie is fairly homogeneous i.e. 87.1% of the residents are white, 4.6% Black, 2.8% Asian, and 5.5% other. Nineteen (19%) of the residents are of Hispanic origin.

Davie is suburban in nature, with 69% of the residents living in family households. There are 31,284 housing units (up from 19,889 in 1990) available for the 28,682 households in Davie (up from 17,766 in 1990); and, there is a 8.3% vacancy rate (excluding seasonal vacancies). The average number of persons per household is 2.64.

Davie is a "university town" and proudly hosts the South Florida Education Complex which includes: Nova University, Florida Atlantic University, Florida International University, Broward Community College, McFatter Vocational/Technical Center, Broward Fire Academy, Division of Forestry, Criminal Justice Institute, and others. The population is well educated i.e. 81% are either high school graduates, possess some college, or have a college degree.

Approximately one-third of the land in the Town is still undeveloped and recent annexation has opened new horizons for industrial and economic growth. Davie is geographically the largest municipality in Broward County, encompassing 40 square miles.

Davie proudly preserves its western heritage, while progressing in economic, industrial, and business development. Championship rodeos are still held year-round, and the Sunshine State Pro Rodeo classic, held annually at the Bergeron/Davie Rodeo Arena, attracts over 25,000 fans. The Town is committed to addressing the needs of its residents, and strives to balance growth and quality of life.

Section 2 - Consolidated Plan For Federal Funds 1997-2002

In 1997, when the Town's population grew above 50,000 residents, Davie became an "entitlement recipient" of Federal Community Development Block Grant (CDBG) funds from the United States Department of Housing and Urban Development (HUD). The goals of the CDBG program are to:

- develop viable urban communities by providing decent housing and a suitable living environment;
- expand economic opportunities for low and moderate income individuals and families; and
- strengthen the partnerships between all levels of government and the private sector, including for-profit and not-for profit organizations, in the production of affordable housing sufficient to meet the needs of the community.

⁵ Based on 1990 census data.

As a prerequisite for receiving these Federal funds, the Town adopted a *Consolidated Plan for Federal Funds* in July 1997, which identified the Town's housing and community development needs, and outlined funding strategies to address such. This Plan also shaped the various federally funded programs into a 5-year neighborhood and community development strategy. The *Consolidated Plan* serves as a short-term planning document for the Town, which builds on a participatory process from the grassroots level; an application for the federal funds; a strategy to be followed in carrying out HUD programs; and an annual plan that provides a basis for assessing and monitoring program performance.

The Town's *Consolidated Plan* set forth long-range goals and objectives to address identified needs, over the five-year period covered by the *Plan*. A synopsis of the long-range goals and objectives, follows:

- to rehabilitate, construct and/or expand public facilities and infrastructures e.g., the renovation of existing public (community) facilities and street improvements such as: improved lighting, landscaping, drainage, sidewalks, streets, connections to sewer systems, etc.
- to upgrade the existing housing stock and provide loans and/or grants to income-eligible homeowners to make home repairs and replace existing substandard/leaking roofs.
- to expand affordable rental housing and homeownership opportunities for Davie residents.
- to increase/enhance park/recreation opportunities and expand programs that serve at-risk youth e.g. the renovation of existing parks (improved lighting, landscaping, equipment, etc.), construction of new park and/or recreation facilities, the provision of services, or acquisition for new facilities.
- to provide swale area drainage (percolation), positive discharge drainage, and the connection of low/moderate income homes to the existing sewer system e.g. connections to the sewer laterals.
- to expand affordable child day care and after-school opportunities.
- to promote economic development initiatives and stimulate the local economy through neighborhood revitalization, commercial revitalization, or facade renovation programs.
- to minimize the displacement of Davie residents and mitigate adverse effects caused by federally assisted activities, and to provide fair and adequate relocation benefits when needed.
- to upgrade and/or supplement the existing transportation and mobility services in Davie, especially those needed by low and moderate income persons and individuals with special needs.
- to undertake a Fair Housing outreach and education campaign to ensure that Davie residents have the widest range of housing choices.
- to remove architectural barriers and impediments to the elderly and to the physically, mentally, or developmentally disabled.
- to promote the county-wide strategies and efforts aimed at addressing homelessness.
- to provide social services related to healthcare, mental healthcare, housing, food, transportation, etc.
- to remove slums, blight and blighting conditions i.e., clearance, demolition, and code enforcement.
- to encourage the retention of significant historic structures and historic preservation efforts.
- to improve the Town's capacity to plan and administer its CDBG funds, undertake comprehensive planning activities, and apply for other HUD Community Planning and Development (CPD) programs or related grants.

Each year within the five-year period covered by the *Consolidated Plan*, the Town must develop and submit to HUD, an *Action Plan* which contains the CDBG budget for that year. This Action Plan must be submitted to HUD on or before August 16th of each year.

The Town's Housing and Community Development Office (established in January 1998), is responsible for the planning, preparation, implementation, and monitoring of the *Consolidated Plan* and all incremental One-Year Action Plan activities. The Housing and Community Development Office is an adjunct of the Town Administrators Office (City Managers Office), and is integrated into the Town's overall budget strategy.

Section 3 - Community Involvement and Citizen Participation

The Town's *Consolidated Plan* was the result of an exhaustive data analysis and an extensive citizen participation process, and represents a collaboration between the Town, local social service providers, housing providers, the Community Redevelopment Agency (CRA) Board, and other residents in Davie. Both the *Consolidated Plan* and this Annual Plan were developed in accordance with the Town's adopted Citizen Participation Plan which sets forth the Town's policies and procedures for citizen participation.

The Town's strives to ensure citizen involvement, in an advisory role, in the planning, implementation, and assessment of the programs covered by the *Consolidated Plan* and each Action Plan. In developing the FY 2001/02 Action Plan, the Town encouraged the participation of all of its residents, especially from those in designated CDBG Target Areas where funds are proposed to be expended.

Prior to the adoption of each Action Plan, Davie residents will be provided with timely access to local meetings, public hearings, grant documents, and copies of the *Plan*, in accordance with the federal regulations at 24 CFR Part 570. The Town ensures that hearing, sight, and mobility impaired persons have full and timely access to meetings and grant related documents.

The following citizen participation process was utilized to develop the FY 2001/02 Action Plan:

- A Pre-Development Public Hearing was held on May 23, 2001.
- A draft of the FY 2001/02 Action Plan was made available for a 30-day public comment (June 12-July 13th) at the Housing and Community Development Office at 4700 SW 64th Avenue, and the Davie-Cooper City Library.
- A summary of the Action Plan was published in the Sun Sentinel on June 10th describing its contents, purpose, activities to be undertaken, and the proposed use of funds.
- A summary of the FY 2001/02 Action Plan was provided to Broward County and to the adjacent municipalities of Fort Lauderdale, Dania, Sunrise, Plantation, Cooper City, Weston, Pembroke Pines, Miramar, and Hollywood, as well as the Broward County Housing Authority, Broward County Community Development and the Office of Housing Finance (OHF), to obtain their input.
- The Towns "*Neighborhood Revitalization Task Force*", helped identify needs within the CDBG Target Areas, and established long-term and short-term goals for addressing such at their June 14th Meeting. The Housing and Community Development Director serves as the "Chair" and liaison of this group, which is comprised of representatives from the Community Oriented Policing (COPS) Unit, Department Heads, the Community Redevelopment Agency (CRA), the EASE Foundation, and other persons interested in the CDBG Program.
- Prior to adopting the Plan, a Public Hearing was held by the Davie Town Council on July 18, 2001 in the Town Council Chambers.

No letters were received in response to the 30-day public comment period.

Section 4 - Low/Moderate Income Concentrations (CDBG Target Areas)

The National Objective of the CDBG Program, is to principally benefit low and moderate income persons by providing decent housing and a suitable living environment, and expanding economic opportunities.

The term "low/moderate income" applies to those individuals and households who earn up to eighty (80%) percent of the median income⁶ for that area (usually by County), as adjusted by family size. These income levels are published annually by HUD, and adjusted for each CDBG program year.

FY 2001/02 Income Levels

Household Size	Low Income (50% of Median)	Moderate Income (80 % of Median)
1	\$19,900	\$31,850
2	\$22,750	\$36,400
3	\$25,600	\$40,950
4	\$28,450	\$45,500
5	\$30,750	\$49,150
6	\$33,000	\$52,800
7	\$35,300	\$56,450
8	\$37,550	\$60,100

In 1997, an analysis of the Town's demographic profile was undertaken to define specific geographic areas where there are concentrations of low/moderate income families and minority residents. This analysis revealed that the following areas contain the highest concentration of low/moderate income persons who would qualify for assistance under the CDBG Program:

Low/Moderate Income Concentrations

Census Tract	Block Group	Low/Mod Number	Low/Mod Percent
7.01	1	2,307	59.8 %
7.01	9	378	61.2 %
7.03	2	1,412	36.8 %
7.05	2	1,728	53.7 %
7.06	1	1,243	38.7 %
8.03	9	188	79.0 %

Since no entire Census Tract in Davie contained 51% or greater low/moderate income individuals, HUD and the Town analyzed the Census data by Block Groups to determine the geographic areas that would qualify for assistance. Based this, HUD established 36.8% as the threshold for designation of a CDBG Target Area i.e., a specific geographic area where CDBG funds can be expended with the assumption that they would "principally" benefit low/moderate income residents. The area from Orange Drive north to 42nd Street between SW 55th and 57th Avenues, was also approved by HUD, as a result of a special income-survey performed by the Davie CRA in 1994.

The Davie Town Council adopted three (3) CDBG Target Areas in 1997, as follows:

- The Western Target Area a/k/a Orange Park is located between 130th-136th Avenues, north of 14th Street and south of State Road 84.

<u>Census Tract/Block Group</u>	<u>703.01 & 02</u>
Total Population	3,978
Low/Moderate Income Population	36.8%

⁶ The 2001 median income for Broward County, is \$56,900

- The Southern Target Area a/k/a Driftwood, is located south of Stirling Road, east of 78th Avenue, and north and west of the Davie Road Extension.

<u>Census Tract/Block Group</u>	<u>7.05.BG 2</u>
Total Population	3,282
Low/Moderate Income Population	53.7%

- The Eastern Target Area a/k/a Potters Park, is bounded to the north by Nova Drive⁷, to the south by Orange Drive, to the east by NW 62nd Avenue, and to the west by Davie Road.

<u>Census Tract/BG</u>	<u>706.00/1</u>	<u>701.00/1</u>	<u>701.00/9</u>	<u>803.00/9</u>
Total Population	3,217	5,760	880	561
Low/Moderate Income	38.7%	59.8%	61.2%	43.1%

Section 5 - Areas of Minority Concentration:

The Town of Davie does not formally define an “area of minority concentration”; however, the Town’s *Consolidated Plan*, used Census Block Groups with a total number of racial/ethnic minority households (Black, Hispanic, Asian) that formed 20% or more of the total number of households in the Census Block Group. The *Consolidated Plan* was drafted using 1990 Census data, which indicated that minority households in Davie constituted 13% of the population i.e. 3% Black, 8% Hispanic, 1% Asian, and 1% Other.

At the block group level, the only area of minority concentration is Census Tract 7.05 BG 2, which is composed of 20% Black households. Hispanic households constitute 8% of the population in Census Tract 7.01 BG 1, 4% in Census Tract 7.01 BG 9, and 15% in Census Tract 7.05 BG 2. Asian and other ethnic groups constitute 4% or less in each of the three block groups.

Section 6 - The Housing Conundrum in Davie:

One of the biggest challenges facing the Town of Davie in meeting its *Consolidated Plan* goals, is addressing the housing needs of its lower-income residents living in sub-standard mobile homes. The Town estimates that it has over 14,000 residents living in 6,000/8,000 mobile homes, a significant portion of which are in sub-standard condition. There is currently no source of funds available to assist these mobilehome owners to make needed repairs to their homes, since the regulations governing both the CDBG and SHIP Programs prohibit the use of grant funds to renovate them.⁸ Given these constraints, the Town’s strategy for assisting these mobile home occupants, is to provide new opportunities in Davie for the development of affordable rental and homeownership housing.

The disproportionately high rental rates in Davie in comparison to other Broward County cities, make it difficult to find affordable rental units (in good condition), and attract Landlords that will participate in the Section 8 Program. Because of these factors, many lower-income families have a difficult time finding assisted rental housing in Davie. This is particularly relevant to those families in Davie that are “cost-burdened” i.e., who are paying greater than 30% of their gross income for rent/utilities.

In May 1998, the Town hired a consulting firm to undertake a rental housing survey of apartments in Davie, to determine if there were gaps between the market rents and the HUD Fair Market Rents (FMR), which is the maximum rent a landlord can receive under the Section 8 Program. The results of that survey follow:

Unit Size	Market Rents	Median	HUD FMR	Gap
Efficiency	\$ 602-\$ 655	\$ 628	\$470	\$158
1-Bedroom	\$ 650-\$ 691	\$ 671	\$553	\$118
2-Bedroom	\$ 742-\$ 805	\$ 774	\$684	\$ 90
3-Bedroom	\$1042-\$1138	\$1090	\$952	\$138

⁷ The Silver Oaks Mobile Home Park is included in the CDBG Target Area.

⁸ Mobile homes are not recognized by the Government as permanent, single-family homes.

As seen above, there was a significant “gap” between the market rents in Davie, and the FMR’s established by HUD. Given the high cost of rental housing in Davie, the Town is working hard to stimulate the development of new affordable rental housing units, especially those located within CDBG Target Areas, where the majority of the Town’s lower-income and mobilehome occupants reside. Stirling Road Apartments, 250 units of affordable rental housing, in the Southern Target Area on Stirling Road, opened in late 2000. This project was financed with Federal Low-Income Housing Tax Credits (LIHTC) and Tax-Exempt Bonds, and contains two and 3-bedroom units. The Town waived impact fees for this project @ \$123,000, and rebated permit fees @ \$19,750 as an incentive to affordable housing.

Additionally, Summerlake Apartments on 61st Avenue in the Eastside Target Area (a/k/a Potters Park) opened in January 2001 with 108 two and 3-bedroom affordable rental units. The Town used \$100,000 of its SHIP funds to leverage an additional \$350,000 for pre-development costs from Broward County, through their SHIP Program. The Town assisted the developer in obtaining \$5.6 Million in Tax-Exempt Bonds from the Housing Finance Authority (HFA) of Broward County, and rebated \$19,750 in permit fees.

On February 9, 2001 the Davie Town Council adopted the “Harmony Village Community Plan”, which entails the development of a 4.5 acre parcel in the Southern (Driftwood) Target area (donated to the Town for redevelopment purposes), into 22 single-family homes that will be available to first-time home buyers. These initiatives are addressing some of the needs of mobilehome owners and other cost-burdened renters in Davie; however, the infusion of the 358 new affordable rental units in 1999/2001 is good, but is clearly insufficient to meet the growing demands.

Due to the limited funds available, the Town’s Housing and Community Development Director feels that more emphasis should be placed on addressing the needs of low and very-low income households, as opposed to the moderate-income households. For example, under the CDBG Program (whose income levels are capped at 80% of the median income) approximately 40% of all families in Broward County would qualify for housing assistance; and, under the SHIP Program (whose median incomes go up to 120% of median) approximately 70% of all Broward households would qualify for grant funds.

Finally, the Town’s Analysis of Impediments (AI) to Fair Housing Choices disclosed that there are disproportionate lending practices in Broward County, where minority and low-income individuals were denied financing at higher rates than other applicants. Accessibility to home mortgage financing was also noted in the AI. The Towns outreach and educational program, has provided these agencies with Fair Housing Information, and acquainted them with the Town’s affordable housing initiatives. Special emphasis was placed on informing the lenders of disparate lending practices, and finding alternative financing programs for lower-income at-risk housing applicants.

Section 7 - Public and Assisted Housing

The Town has a good working relationship with the Broward County Housing Authority (BCHA), which is evidenced by the partnership formed to address the quality of life for the residents of Ehlinger Apartments⁹, located at 7481 N.W. 33rd Street in the Southern Target Area a/k/a Driftwood. At the Town’s request, the BCHA accelerated its plans to repaint all 100 units (now complete), and is working on landscaping and new entrance signage. The Town is working on plans to expand and beautify West 33rd Street, which leads into the Ehlinger complex. Additionally, the FY 2000/01 and 2001/02 Action Plan includes CDBG funds to match BCHA , for the installation of air-conditioning units at Ehlinger Apartments. The lack of air-conditioning has been the primary “quality of life” complaint by the tenants.

The Broward County Housing Authority also owns/operates Griffin Gardens Apartments, 100 units of Elderly and Disabled Rental housing located at 4881 Griffin Road; and, the BCHA determines the eligibility of tenants, inspects units, and pays rent subsidies for El Jardin Apartments, a privately-owned Section 8 Moderate Rehabilitation Family Rental Housing Project located at 3300 El Jardin Drive, which contains 232 units.

⁹ A Family Public Housing Project containing 100 units.

Comprehensive Grant Program (CGP):

Both of the public housing projects owned by the Broward County Housing Authority (BCHA) were constructed post-1975, and are in sound structural condition but require minor improvements and upgrades to enhance the quality of life for the existing residents.

The BCHA's Action Plan for 2001-2005 identifies the following funds for Davie's two housing projects:

Year Funded	Ehlinger Apartments (FL29-2A)	Griffin Gardens Apts (FL29-6)
2001	\$475,184	\$ 6,000
2002	\$166,965	\$ - 0 -
2003	\$120,477	\$25,000
2004	\$ 50,000	\$70,000
2005	\$142,404	\$23,327

The BCHA and the Town are working closely to provide air-conditioning for the families living in Ehlinger Apartments in the Driftwood Target Area, in order to enhance the quality of life for the tenants and improve the visual aesthetics of the area. In order to accomplish this joint venture, the following funds were budgeted:

Ehlinger Apartments Air-Conditioning Project

Partner	Source	FY 2000	FY 2001	Total
Housing Authority	CFP/CFPRHF	\$257,709	\$100,000	\$357,709
Town of Davie	CDBG	\$ 50,000	\$175,000	<u>\$225,000</u>
				\$582,709

The United States Department of HUD classifies all public housing authorities as either "troubled" or "non-troubled", and we are delighted to report that the BCHA is a "non-troubled" agency.

Section 8 - Continuum of Care for Homeless Assistance and Prevention:

Since homeless persons in Broward County are concentrated in the older communities of Pompano Beach, Fort Lauderdale, and Hollywood, where the majority of services to the homeless are provided,¹⁰ the problem of homelessness is viewed as a regional problem that requires regional solutions. The Town's Housing and Community Development Director works closely with the Broward Homeless Initiatives Board and the Homeless Partnership in developing the annual Continuum of Care For the Homeless application, and the Town promotes county-wide strategies and efforts aimed at addressing homelessness.

In February-March 2000, the Cooperative Feeding Program¹¹ conducted a survey of homeless persons in Broward County, and 1,690 surveys were collected from 1,374 individuals and 194 from persons in families with children. Using a multiplier of "3" to compensate for under-counting, the Homeless Partnership estimates that, as of March 2000, there were 5,070 homeless persons in Broward County. Of the individuals interviewed (non-family), 42% indicated that they were staying in emergency/transitional shelters, and 58% said they were staying in substandard housing conditions. Of families with children, 72% indicated that they were staying in emergency/transitional shelters, and 28% were staying in substandard housing conditions.

Although the 1990 Census Shelter/Street Night Enumeration showed no homeless persons in Davie, anecdotal data from social service providers indicates that there are a significant number of lower-income individuals and families at-risk of becoming homeless i.e. are in marginal financial situations (paying greater than 30-50% of their gross income for housing related costs). There are 1,348 households in Davie (7.6% of the total households) who earn less than 30% of the median income. This segment of the population needs both rental assistance, and appropriate sized units, to prevent them from becoming homeless.

¹⁰ 1996 and 1999 Surveys of the Homeless.

¹¹ In conjunction with the Broward County Homeless Partnership.

The following is a synopsis of the Town's homeless initiatives:

- On June 3, 1998, the Davie Town Council adopted Resolution 98-180 urging the Florida Legislature and the Governor to enable Broward County to use one (1) cent of its local option motor fuel taxes to address the needs of homeless men, women, children, and families in Broward County.
- Beginning in 1998, the Town endorsed the County's annual SuperNOFA Continuum of Care application for HUD funds, and pledged its support through the in-kind contributions of the Housing and Community Development Director, to assist in County-wide homeless efforts.
- A comprehensive referral list was developed for persons requiring assistance through the new HAC or other support services for the homeless, or those facing homelessness.
- The Town's Housing and Community Development Office works closely with the E.A.S.E. Foundation, Hope Outreach Inc., and the local Clergy in referring clients for emergency assistance e.g. rent and utility payments, for those threatened with homelessness.
- The Town works closely with the agencies serving the Broward County area in addressing emergency shelter and transitional housing needs, and helping homeless individuals make the transition to permanent housing.
- Approximately 150 referrals have been made to local service providers for special needs or at-risk individuals.

In 2000/01 the Town's Housing and Community Development Office successfully assisted seven (7) disabled persons in finding suitable affordable rental assistance, thus avoiding homelessness.

Section 9 - Other Special Needs:

As previously indicated, there are 100 units of public housing for elderly and/or disabled individuals in Davie, that are owned and operated by the Broward County Housing Authority (BCHA), and the Jewish Federation of South Florida operates 80 units of elderly rental housing.

In addition to publicly assisted housing for people with special needs, there are many Nursing Homes, Adult Living Facilities (ALF), and Group Homes in Davie serving the needs of the elderly, frail elderly, and disabled persons. The following represents facilities in Davie that were licensed as of March 2000:

The needs of persons living with AIDS, are generally met through the Housing Opportunities for Persons With AIDS (HOPWA) Program. The City of Ft. Lauderdale administers the HOPWA funds for the Broward County area, which includes Davie. The Town's Housing and Community Development Director served on the RFP Selection Committee for the 2001/02 HOPWA funds.

Section 10 - Available Resources

The primary funding source for the projects and activities outlined in this Action Plan are the Town's CDBG funds; however, the Town has been successful in using it's CDBG funds to leverage other local and non-local funds, which have served as a catalyst for revitalization and redevelopment. A variety of financing options and opportunities are available to the Town of Davie, which include the following:

Local Programs:

Neighborhood Revitalization Task Force: The Neighborhood Revitalization Task Force, chaired by the Housing & Community Development Director, helps identify needs within the CDBG Target Areas, address specifically identified issues, and develop strategies to meet the long-term needs of each area over the Five-year period covered by the Town's *Consolidated Plan*. Davies Code Compliance and Community Oriented Policing Officers play a crucial role, as they are the "eyes and ears" of the neighborhoods, and they have the opportunity to interact with the residents at the grass-roots level. The *Neighborhood Revitalization Task Force* concentrates on:

- improved housing conditions and affordable housing opportunities
- infrastructure improvements - streets, public facilities, water, sewer, etc.
- crime prevention and gang-activity abatement
- improved social conditions and social services
- job creation and retention opportunities
- health and welfare issues
- aesthetic improvements - code compliance, clearance, etc.

Community Oriented Policing (COP's) Program: Davie has a Community Oriented Policing Program, and has assigned "Neighborhood Officers" to areas that coincide with the CDBG Target Areas. When the new Boys & Girls Club facility opens in the Harmony Village Area, a COP's Field Office will be included. The Town's Housing and Community Development Director works closely with these COP's so that they can collaborate on strategies and resources to address neighborhood needs and revitalization efforts.

Tax Increment Revenues (TIF): Enabled by State Statute 163, the Community Redevelopment Act (CRA), provides the major source of funding for redevelopment projects. TIF is 95% of the difference between: the amount of ad valorem taxes levied each year by each applicable taxing authority on property within the redevelopment area; and, the amount of ad valorem taxes that would have been produced by the current millage rates prior to establishment of the Redevelopment Trust Fund. (Both are exclusive of debt service millage). Since the Eastern CDBG Area, encompasses the Town's CRA district, TIF funds can be used in conjunction with CDBG funds, to address needs identified in that neighborhood.

Redevelopment Revenue Bonds: Florida Statute 163.385 allows the Town's CRA, to issue "Revenue Bonds" to finance redevelopment actions, with the security based on the "anticipated assessed valuation of the completed community redevelopment." In this way, additional annual taxes generated within the CRA Area, and the "tax increment" are used to finance the long-term bond debt. Prior to the issuance of long-term revenue bonds, the CRA may issue bond anticipation notes to provide up-front funding for redevelopment actions until sufficient tax increment funds are available to amortize a bond issue.

General Revenue Bonds: The Town can also issue General Obligation (Revenue) Bonds that are secured by debt service millage on the real property within the City and must receive voter approval.

Industrial Revenue Bonds: IRBs are used to finance industrial, and commercial projects, with emphasis on the creation of jobs. As a consequence, speculative ventures are not normally financed by this means. IRB's are typically issued by the county, with repayment pledged against the revenue of the private enterprise being funded. IRB's are tax exempt and several percentage points below prevailing interest rates. Such financing has been used effectively in South Florida.

Federal Programs:

Housing Opportunities for Persons with AIDS (HOPWA) Program: HUD provides grant funds under the HOPWA Program to meet the housing needs of persons living with AIDS. The City of Ft. Lauderdale administers the HOPWA funds for Broward County. As a result of the Town's expression of interest in the HOPWA process, Davie's Housing & CD Director served on the FY 2001/02 RFP Selection Committee, to ensure that Davie residents are given equal access to all HOPWA services and activities.

HUD Homeless Continuum of Care Initiatives - SuperNOFA funds: The Broward Homeless Initiatives Partnership, submitted an application under the SuperNOFA for homeless assistance to serve the entire Broward County area. If funded, this will provide services for all of the County's homeless. Davie's Housing and Community Development Director participated in their "Planning Day" event to formulate the response to HUD's RFP.

State Programs:

State Housing Initiatives Partnership Program (SHIP): In 1997, the Town also became an "entitlement" recipient of State grant funds under the SHIP Program. The Broward County Office of Housing Finance assists the Town in administering its SHIP Program, under the terms of an Interlocal-Agreement; and, the Town's SHIP funds are currently directed toward the following:

- Single-Family Home Repair/Housing Rehabilitation Program
- Single-Family New Construction Program (Davie CRA)
- Town-Wide Purchase Assistance (First-Time Homebuyer) Program, and
- New Construction of Affordable Rental Housing

Housing Finance Authority of Broward County: the FHA provides Tax Exempt Bond Financing for affordable rental projects. Two (2) projects have been funded in Davie using these bonds: Stirling Road Apartments (Phases I and II), and Summerlake Apartments, which received a \$5.6 Million allocation in March 2000 to build 108 units.

The Federal Low-Income Housing Tax Credit (LIHTC): is part of the 1986 Tax Reform Act and allows corporations to finance housing developments to receive a dollar for dollar reduction in income tax liability in exchange for the developer's acquisition and substantial rehabilitation or new construction of low-income rental housing. Lenders are secure in providing bridge, construction and permanent financing since the tax credits are available and designed to pay down the loans. Stirling Road Apartments located in the Southern Target Area, is subsidized using these funds.

The State Apartment Incentive Loan (SAIL) Program: Funds to provide construction/permanent financing for rental projects, with 15-year, non-amortizing loans at a 9% interest rate, with a 3 percent base. Projects are reviewed annually to determine if the cash flow is sufficient to pay the rate. The interest payments may be deferred ; and, at the end of the 15 year term, the principal balance and any deferred interest become due. A waiver may be granted for the deferred interest portion. The developer of the project, who is the direct recipient of the funds, must sign a land use restriction agreement to keep the units affordable.

Other:

Davie Community Redevelopment Agency (CRA): The Davie CRA is building additional single-family homes in the Eastside neighborhood of Davie (Potters Park Area). The land is provided at no charge to eligible home buyers, and conventional mortgages are supplemented by a SHIP grant to cover the closing costs. The Housing and Community Development Office and the CRA work closely to ensure that the goals and objectives of the CRA Plan and the *Consolidated Plan* are met in the most cost effective manner, without a duplication of efforts.

Broward County Housing Authority (BCHA): The BCHA owns and operates two (2) public housing projects in Davie (100 units of family rental housing, and 100 units of elderly and disabled housing). They also manage 232 units of privately owned rental housing (funded under the Section 8 Moderate Rehabilitation Program). The BCHA also administers 84 Section 8 Rental Certificates in the Town. The BCHA and the Town are currently working on a joint venture to provide central air-conditioning in Ehlinger Apartments.

Comprehensive Grant Program (CGP): The Broward County Housing Authority (BCHA) participates in the CGP Program, which addresses the needs of public housing facilities. As indicated above, the BCHA is working closely with the Town on improvements to the Ehlinger Apartments, a family rental housing project.

HUD Housing Programs: Private housing developers can take advantage of programs such as the Section 202 Program for the elderly or the Section 811 Program for persons with special needs.

Habitat for Humanity, Inc.: The Town works closely with Habitat for Humanity of Broward Inc., in developing single-family homes for lower-income families. At this time, a 4+- acre parcel in the Southern Target Area a/k/a Driftwood is being platted to develop 22 new single-family homes. This site is immediately adjacent to the 10 homes constructed by Habitat in 1996-98. Five (5) homes were also constructed in the "Potters Park" area of Davie; and, the Davie CRA has set aside an additional four (4) lots for new homes. Davie's SHIP funds are used to cover predevelopment costs, and construct the necessary infrastructure.

Salvation Army: The Salvation Army, located at 1445 West Broward Boulevard in Ft. Lauderdale, is one of the primary service providers for homeless individuals and families in the Broward County area. The Salvation Army provides emergency and transitional housing for men, women, and families.

Social Service Agencies: There are several not-for-profit social service providers in Davie, many of whom serve special needs populations. The Town will continue to support these agencies, so that information/referrals can be made expeditiously. The primary social service agencies in Davie are:

- Emergency Assistance Service Effort (EASE), located near Town Hall on Orange Drive, provides information and referrals, emergency assistance, food, and clothing.
- Hope Crisis Pregnancy Center, 2215 So. University Drive in the Promenade West, (581-6991) provides crisis counseling, lifestyle and post-abortion counseling, pregnancy tests, baby clothing and baby food/formula, social service referrals.
- Hope Outreach Center, 3894 SW 64th Avenue¹², provides information/referral, emergency services, food pantry, advocacy, a children's enrichment program at Silver Oaks Elementary School, and shopping assistance and limited transportation for elderly residents. Davie is working to relocate this agency next to its Housing and Community Development Office, thus providing "one-stop-shopping" for Davie's lower-income families in need of assistance.

Private Institutions: The Town has established close working relationships with several lenders, realtors, developers, and landlords, and will continue to cultivate these professional relationships, and expand opportunities for other public-private partnerships to work with the Town on these initiatives.

¹² HOPE Outreach is relocating to 4700 SW 64th Avenue, next door to the Town's Housing & Community Development office, so that Davie's low-income residents can receive "one-stop"-services.

Section 11 - FY 2001/02 CDBG Action Plan

The Town hopes to equitably distribute the CDBG funds throughout the three (3) Target Areas over the Five-year period covered by the *Consolidated Plan*; however, existing conditions are reevaluated each year so that funding recommendations reflect current needs.

Proposed Funding for FY 2001/02

#2001-1 Single-Family Rehabilitation Program \$75,000 - Provision of financial assistance (loans and/or grants) on a Town-wide basis, to eligible low/moderate-income homeowners to make needed home repairs, and replace existing substandard and leaking roofs. (Housing)

#2001-2 Emergency Assistance Program (Public Service) \$22,000 - Provision of emergency financial assistance on a Town-wide basis to eligible lower-income Davie residents, to prevent homelessness and/or address emergency situations such as the need for food, shelter, transportation, etc., on a case-by-case basis. These funds may be provided contractually through not-for-profit sub-recipient agencies (Hope Outreach, Inc. and/or EASE Foundation), or under the direction of the Town's Housing & Community Development Director. (Public Service)

#2001-3 Boys & Girls Club Community Center Facility \$300,000 - The Town of Davie and the Boys and Girls Club will build an 8,000 sq. ft. facility in Driftwood Park, to replace the existing facility in "Ehlinger Apartments" Housing Project. The Town's goal is to relocate the Club into a more neutral and accessible area to entice the participation of all children in Driftwood. These CDBG funds will (hopefully) leverage an additional \$500,000 from the County under the new Parks Bond Initiative "Challenge Grants".

#2001-4 CDBG Target Area Improvement Program \$85,000 - Capital, street, and park improvements in the CDBG Target Areas, as follows: "Western" Target Area a/k/a "Orange Park" north of 10th Manor, south of State Road 84, between 130th and 136 Avenues; "Southern" Target Area a/k/a "Driftwood" situated south of Stirling Road, east of 78th Avenue, and north and west of the Davie Road Extension; and, the "Eastern" Target Area bounded on the north by SW 29th Street (near Nova Drive), on the south by Orange Drive, to the west by Davie Road, and to the East by the Florida Turnpike. Improvements may include but are not limited to: improvements to existing community centers/facilities/parks; new or refurbished sidewalks, resurfaced streets, traffic calming alternatives, street lighting improvements, landscaping, and drainage. (Capital Improvements and Street Improvements)

#2001-5 Fair Housing, Citizen Participation & Support Services \$116,600 - To plan, administer, and monitor the CDBG funds and activities; undertake comprehensive planning activities; apply for other related grants; expand Fair Housing Education and Outreach Program designed to remove impediments to fair housing choices and provide a wide range of housing opportunities for Davie residents; participate in homeless assistance initiatives; prepare Environment Review Records/Assessments, etc. (Planning/ Administration, Fair Housing, Citizen Participation & Support Services)

Initiatives such as Fair Housing Education and Outreach, and the county-wide homeless initiatives will continue to be implemented, and will benefit all residents of Davie. All of the activities identified above will principally benefit low/moderate income residents of the Town of Davie, and no displacement or relocation of Davie residents or businesses is anticipated.

Section 12 - Matching FY 2001/02 Goals & Objectives to Identified Needs

The Town's CDBG funds are an excellent tool to address many of the needs identified in the *Consolidated Plan*; however, these funds are insufficient to address all of the needs. Although the Town's CDBG funds successfully leverage other resources, large-scale projects/activities (e.g. new and/or expanded capital improvements and facilities), will need to be funded over several years, as "multi-year" activities for CDBG funding.

The following *Consolidated Plan* goals and objectives will be met during FY 2001/01.

Goal: to rehabilitate, construct and/or expand public facilities and infrastructures e.g. the renovation of existing public (community) facilities and street improvements such as: improved lighting, landscaping, drainage, sidewalks, streets, connections to sewer systems, etc.

Objective #1: to undertake capital improvements and street improvements in the CDBG Target Areas, as follows: "Western" Target Area a/k/a "Orange Park"; the "Southern" Target Area a/k/a "Driftwood"; and, the "Eastern" Target Area a/k/a "Potters Park". Improvements may include but are not limited to: upgrading/expanding existing community centers, facilities & parks; new/refurbished sidewalks, resurfaced streets, traffic calming alternatives, street lighting improvements, landscaping, and drainage.

Objective #2 : to develop a new multi-purpose community center at Driftwood Park on 77th Avenue and 33rd Street, in the Southern Target Area a/k/a Driftwood, to house the Boys & Girls Club of Broward.

Goal: to increase park/recreation opportunities and expand programs for at-risk youth e.g. construction of new recreation facilities, renovation of existing parks (i.e. improved lighting, landscaping, equipment, etc.), provide social services, or acquire land for new facilities.

Objective #1 : to develop a new multi-purpose community center at Driftwood Park on 75th Avenue and 33rd Street, in the Southern Target Area a/k/a Driftwood, to house the Boys & Girls Club of Broward.

Goal: to provide social services (e.g. health care, mental health care, housing, food, and transportation) to lower-income Davie residents.

Objective #1: to provide emergency financial assistance to lower-income Davie residents, to prevent homelessness and/or address emergency situations (e.g. the need for food or shelter), on a case-by case basis. The Town has developed partnerships with two (2) sub-recipient not-for-profit agencies to serve Davie's lower-income population: Hope Outreach, Inc. and the Emergency Assistance Service Effort (EASE) Foundation.

- **Goal:** to upgrade the existing housing stock through single and multi-family housing rehabilitation, and expand affordable rental housing and home-ownership opportunities for Davie residents.

Objective #1: continue funding the SHIP "Home Repair" and the CDBG Single-Family Housing Rehabilitation Programs, for eligible residents to repair their homes and replace leaking roofs.

Objective #2: Develop the vacant parcel on the Davie Road Extension in the Southern (Driftwood) Target Area, into 22 affordable single-family homes for new homeownership.

Objective #3: expand the allocation of SHIP Funds for the Town-wide First-Time Homebuyer (Purchase Assistance) Program, that enables Davie renters to become homeowners.

Objective #4: continue to work with both the Broward County Housing Authority (BCHA) and the Hollywood Housing Authority, to ensure that sufficient Section 8 Certificates and Vouchers are available to meet the needs of Davie residents.

Objective #5: continue to promote the CRA's development of new single-family, affordable homes in the Eastside neighborhood of Davie.

Objective #6 : the Town's Housing and Community Development Director serves as the "liaison" for developers of affordable housing, expediting permits through the Town's building process.

Goal: to undertake an educational campaign working with lenders, realtors, housing developers and others, on the Fair Housing Act in order to ensure that Davie residents have the widest range of housing choices.

Objective #1: continue the Fair Housing Education and Outreach Campaign, and look for additional opportunities to expand these programs.

Objective #2 : continue to celebrate National Fair Housing Month each April with appropriate Proclamations and/or Resolutions, PSA's, news articles, and paid advertisements in the Sun Sentinel and other local minority newspapers.

Objective #3 : continue the contractual relationship with HOPE, Inc., to facilitate up to four (4) Fair Housing Training Sessions per year designed for realtors and/or lenders in Davie.

Goal: to promote the county-wide strategies and efforts aimed at addressing homelessness, and participate in activities that prevent homelessness.

Objective #1: continue to work closely with the Broward County Homeless Initiative Partnership in developing the annual county-wide application for "Continuum of Care Homeless Assistance" under the HUD SuperNOFA.

Goal: improve the Town's capacity to plan/administer the CDBG funds, undertake comprehensive planning activities, and apply for other HUD programs or related grants which the Town could receive.

Objective #1: continue to administer and monitor the CDBG Program, Chair the Neighborhood Revitalization Committee, provide Fair Housing Education and Outreach services, provide homeless assistance, provide housing counseling and related services, etc.

Section 13 - Geographic Distribution of FY 2001/02 CDBG Funds

As indicated previously, the Town will attempt to equitably distribute CDBG funds throughout the three (3) low/moderate income areas over the five-year period covered by the *Consolidated Plan*; however, conditions are reevaluated on an annual basis, so that funding recommendations can reflect the current needs of the areas.

Section 14 - Affordable Housing Incentive Strategy:

The Davie Town Council adopted an "Affordable Housing Incentive Strategy" in 1998¹³ which details actions the Town will take to further fair and affordable housing. The highlights of this Incentive Strategy include:

- **Definition of Affordable Housing** (Summarized)- Monthly rent or mortgage payments (including taxes and insurance), which do not exceed 30% of the households annual gross income¹⁴.
- **Expedited permitting process for affordable housing projects** - The Town of Davie adopted a streamlined "one-stop-permitting process" in February 1998; and, the Housing and CD Director was assigned to guide affordable housing developers through this process, so that they are "expedited to a greater degree than other projects in Davie."
- **Waiver/Modification of Impact Fees** - the Development Services Director is authorized to waive Park/Recreation Impact Fees by Section 326 (d) of the Town Code, for affordable housing initiatives. Building Permit fees are waived for private not-for-profit developers of affordable housing that serves families who earn up to 80% of Broward Countys median income, as follows: 100% on the first \$200,000 of construction/rehab costs, and 50% waiver on the next \$200,000-400,000.¹⁵
- **Administrative waivers and variances** - The Affordable Housing Advisory Committee recommended that Code Section 12-308 (b) (1) of the Town Code, i.e. "Administrative waivers or variances" be amended to permit a waiver of up to 25% of that which is permitted by Code, for affordable housing

¹³ Incentive Strategy amended on May 22, 1998 by Resolution 98-175, to address revisions requested by the State.

¹⁴ A household can devote more than 30% of its income for mortgage payments if the institutional first mortgage lender is satisfied that the household can afford such. For rental housing, rents do not exceed those limits adjusted for bedroom size published annually by the Florida Housing Finance Corporation."

¹⁵ This would apply to each permit pulled by a not-for-profit developer.

initiatives only. The Committee also supported the spatial deconcentration of affordable housing units, and recommended their integration into existing neighborhoods in a cohesive manner.

- **Consideration of policies and procedures that have a significant impact on the cost of housing** - the Development Services Director identifies Agenda items which may impact housing, and directs them to the Housing and Community Development Director who evaluates them for consistency with the Town's *Consolidated Plan*, determines the impact on housing, identifies potential impediments, and identifies proposals which could increase the cost of developing affordable housing.
- **List of publically-owned land suitable for affordable housing** - A list of property suitable for affordable housing, will be retained by the Housing and Community Development Office, and periodically updated, so that current and future uses are identified, as well as deed-related or other restrictions on the land.

Since adoption of the Affordable Housing Incentive Strategy, the Town has diligently worked to provide financial incentives for developers of affordable housing, to encourage the provision of quality, affordable housing for Davies lower-income residents. The Town has provided almost \$500,000 in fee waivers and other incentives over the past three years, as follows:

- Park and Recreation Impact fees @\$492 per unit, were waived for Stirling Road Apts, 7300-7350 Stirling Road, totaling \$123,000, and for Summerlake Apts., 61st Avenue, totaling \$53,136.
- \$100,000 in SHIP Funds for pre-development costs of Summerlake Apartments, 108 unit Rental Housing Development, on 61st Avenue, in the Eastern Target Area (August 1999).
- \$39,500 as rebates for permit fees paid on Stirling Road Apartments (Phase II) and Summerlake Apartments @ \$19,750 each.
- \$90,000 in pre-development costs and permit fees for 9 newly constructed 2-story single-family Homes on SW 43rd Street in the CRA (Eastern Target) Area.
- \$41,800 in pre-development and permit fees for 14 single-family homes built by Habitat for Humanity (4 in Potters Park on 55-57th Avenue, and 10 in Harmony Village on NW 32 Place).
- \$27,300 in permits fees waived for the rehabilitation of 52 single-family homes @ \$525 each.

Section 15 - Affordable Housing Incentives Provided

The following summarizes the Town's progress in providing affordable rental and homeownership housing opportunities since the H & CD Office was established:

- Stirling Road Apartments, 250 units of affordable rental housing, was completed in June of 2000. It was financed with Federal Low-Income Housing Tax Credits (LIHTC); Tax-Exempt Bonds; SHIP Funds; and, the Town waived impact fees (\$123,000) and provided \$19,750 in permit fees.
- Summerlake Apartments, 108 units on 61st Avenue in the Eastside Target Area opened in early 2001. The Town used \$100,000 of it's SHIP funds to leverage \$350,000 in Broward County SHIP Funds, for pre-development assistance; assisted the developer in obtaining 5.6 M \$ in Tax-Exempt Bonds; and, the Town waived impact fees (\$126,000+) and provided \$19,750 in permit fee waivers.
- The Town and Habitat for Humanity are developing a 4+- acre site on Davie Road in the Southern (Driftwood) Target area, which was donated to the Town. This site is adjacent to "Harmony Village", built by Habitat for Humanity in 1998, which includes ten single-family homes.
- In April 1998, the Davie Town Council designated the Housing and Community Development Director to

serve as the "liaison" for developers of affordable housing, to ensure that their projects would be expedited to a greater degree than other projects in Davie.

- As outlined above, the Town provided \$463,703 in fee waivers/financial incentives which have resulted in the development of 350 new rental units, 9 newly constructed 2-story single-family Homes (Davie CRA); 14 new single-family homes built by Habitat for Humanity; and the rehabilitation of 52 single-family homes.
- The Housing Element of the Town's Evaluation and Assessment Report (EAR) was amended/expanded in 1999 to expand the goals and objectives related to the provision of affordable rental and homeownership housing.
- In October 1998, the Town entered into a contractual agreement with Broward County's CD Office, to assist the Town in implementing its CDBG-funded housing rehabilitation program. This Program provides financial assistance to lower-income residents to repair to their homes and replace substandard/leaking roofs. In June 2001, this contract was renewed for another two year period.
- The SHIP Program in Davie encompasses the following programs:
 - Single-Family Home Repair/Housing Rehabilitation Program
 - Community Redevelopment Authority's Single-Family New Construction Program
 - Town-Wide Purchase Assistance (First-Time Homebuyer) Program, and
 - New Construction of Affordable Rental Housing
 - Single-Family New Construction in Harmony Village
- Forty-nine (52) homes have been renovated under the Town's SHIP-funded Single-Family Home Repair Program, and three (6) homes are currently under construction. 134 families are on the waiting list.
- The Town's Housing and Community Development Office works closely with the Broward County Housing Authority on improvements to Ehlinger Apartments (Public Housing) in the Driftwood Target Area, as part of the Revitalization Plan for that neighborhood. Central air-condition will be installed in 2001/02.
- Habitat for Humanity developed ten (10) new homes in the Driftwood section of Davie called "Harmony Village" (dedicated in May of 1998), and five (5) homes in the "Potters Park" area. (SHIP funds were used to construct the necessary infrastructure). The Davie Community Redevelopment Agency (CRA) has set-aside additional lots for future construction. The Town and Habitat are in the process of platting a vacant parcel for construction of an additional 22 single-family homes in the Driftwood Area.
- Davie's CRA developed eight (8) two-story homes in the Eastside Target Area along SW 43rd Street, west of SW 55th Avenue. The CRA provided the land at no charge, and the homebuyers received SHIP grants of up to \$10,000, depending on their income. In May, 2001, the CRA distributed an RFP for four (4) additional houses to be constructed.

Section 16 - Fair Housing Education and Outreach Initiatives:

The Town conducted an "Analysis of Impediments to Fair Housing Choices" (AI) in 1997, which was predicated on the fact that equal and free access to residential housing is fundamental to meeting the overall needs of a community.

The Analysis of Impediments concluded that there were two main barriers to fair housing choices in Davie. First, housing affordability is a major concern. Many Davie residents are paying in excess of 30% of their gross income for their housing and related costs e.g. rent plus utilities, or mortgage plus principal, interest, taxes, and insurance. This is particularly true in the rental market in Davie, where rents are higher (on average) than the balance of Broward County, and where there is a significant "gap" between the HUD Fair Market rents, and the current market rents.

Accessibility to home mortgage financing was also noted in the Analysis of Impediments to Fair Housing Choices (AI). This appears to be an on-going regional problem for lower income and minority households. This "global" impediment was noted in the analysis of Home Mortgage Disclosure Act (HMDA) data for Davie, where minority and low-income individuals were denied financing at higher rates than other applicants.

When the AI was prepared, the Town contacted the Broward Co. Human Rights Office, the Florida Human Relations Commission, the FHEO Board, and U.S. HUD (Miami Office), to determine if there were pending discrimination complaints in Davie. Only one complaint was received by HUD in the 5 years preceding adoption of the Town's *Consolidated Plan*. No complaints were received by the Broward Co. Human Rights Division or the Department of Justice during that same period. HOPE, Inc. (a private not-for-profit fair housing agency), had seven complaints filed between 1993-1997. All cases are resolved, and were officially closed.

The following fair housing initiatives have been undertaken since January 1998:

- The Town's Analysis of Impediments to Fair Housing Choices (AI) was re-evaluated, and the Town's Fair Housing Policies were reviewed again. The AI was subsequently expanded, and a schedule of events (milestones) was added.
- The Town retained Housing Opportunities for Project Excellence (HOPE) Inc., to conduct fair housing seminars geared at lenders, realtors, and housing providers. The first seminar was held in November 1998 at the Offices of Bank United, with approximately 35 representatives from various lending institutions participating. In March 1999 presentations were made to the staff of Gill Realty and Century 21 Oulette Realty, where 21 realtors were trained in Fair Housing laws.
- In 2000/01 Hope Outreach conducted the following workshops/training sessions: Swezy Realty, owners of El Jardin Apartments-1/23/01; Center for Independent Living of Broward-1/25/01; Housing Finance Authority of Broward First-Time Home Buyer Workshop-2/12/01; NOVA Southeastern University Sheppard Broad Law Center-Pro Bono/Clinic Fair addressed eight (8) law students who indicated an interest in housing discrimination tester training -2/21/01; Housing Finance Authority of Broward County First-Time Home Buyer Workshop on 2/21/01.
- As a part of Davie's Fair Housing Initiatives, HOPE, Inc.'s staff participated in the "Nova Public Interest Law Day" in 1999, 2000, and 2001 to further legislative actions for Fair Housing enforcement.
- Hope Inc., conducted six (6) housing discrimination tests of Davie properties in 2001/02; of which five (5) were negative (no evidence of discrimination), and one (1) was inconclusive.
- The HOPE Hotline (free telephone assistance) continues to serve as the screening arm of the agency's Private Enforcement Housing Discrimination Initiative.
- HOPE Inc., participated in a series of Landlord/Tenant Training Workshops sponsored by the Broward County Housing Authority
- HOPE Inc., and Broward County's Human Rights Division spearheaded the first annual "Fair Housing Workshop/Luncheon" during National Fair Housing Month (April 12, 2001) in Broward County.
- HOPE Inc., gave an interview on Fair Housing to WKPX (88.5 FM) on Saturday, March 24, 2001.
- The Housing Element of the Town's Evaluation and Assessment Report (EAR) was amended/expanded in 1999 to include new policies related to removing impediments to fair housing, providing fair housing education and outreach services, and regional strategies to address homelessness.

- Officials from HUD and HOPE, Inc., receive Proclamations each April, declaring Fair Housing Month in Davie. Advertisements were placed in the Sun Sentinel and Miami Times (a minority newspaper), advising the residents of their rights and responsibilities under the Fair Housing Act. A mass mailing was undertaken in April 2000, and literature was sent to schools, churches, realtors, etc. advising them of Fair Housing Month, and providing posters for their Bulletin Boards.
- News articles on Fair Housing laws and initiatives as well as CDBG and SHIP Housing Programs were featured in the Davie Update, (the Town's Official Newsletter), which was mailed to every homeowner in Davie, as well as local municipalities and educational facilities.
- A listing of local lending institutions and realtors was compiled so that they can be invited to participate in future fair housing education seminars, where educational materials on the various fair housing laws and requirements will be provided.
- A listing of other organizations and individuals, including neighborhood groups, home-owners associations, social service providers, etc., was finalized. Hopefully, this information can be used at a later time to identify impediments to fair housing choices at the neighborhood level.
- In 1998, the County-Wide Affordable Housing Assistance Plan (LHAP)¹⁶ was amended to include the Town of Davie; and, subsequent modifications were made in 1999-2001 to expand the scope of the housing strategies to allow greater flexibility for housing development in Davie i.e., a new construction rental component and a town-wide purchase assistance program were added.
- Meetings were held with the Broward Co. Housing Authority (BCHA,) to ensure that Davie residents receive the services necessary and to examine the potential for other resources to address the affordable rental housing needs of Davie residents that are cost-burdened.

Section 17 - Other Actions

The incidence of lead-based paint in Davie is assumed to be extremely low, since the majority of the Town's housing stock was developed after 1980 when lead-based paint was no longer in use. The Town will continue to evaluate lead-based paint hazards by periodically contacting the Broward County Public Health Department to determine whether any residents have been reported with high levels, and where such units are located. The Town will consider funding lead testing through the Town's CDBG and SHIP housing rehabilitation programs. All pre-1978 units considered for rehabilitation under the CDBG Program, will be tested for lead-based paint, and abatement undertaken accordingly.

The Town has aggressively endeavored to attract new business and has encouraged expansion and retention of existing businesses by investing in infrastructure improvements and granting economic development incentives. Davie's economic development policies have enabled the Town to realize its goal of broadening the commercial and industrial tax base so that residential taxes need not increase, while creating new jobs and employment opportunities for its residents.

The Town of Davie will take the following actions to overcome gaps in its delivery of community revitalization, affordable housing, and related support services:

- Continue to identify opportunities to expand the supply of decent, safe and sanitary affordable housing in Davie for all income levels.
- Continue working with the Broward County Housing Authority (BCHA) to enhance the lives of persons living in public housing or Section 8 units located in the Town of Davie.
- Continue the efforts of the Town's Neighborhood Revitalization Task Force to identify needs existing within the CDBG Target Areas, and develop solutions to address them.

¹⁶ For the SHIP Program.

- Continue the Community Oriented Policing (COP's) Program, with specific emphasis on the three (3) CDBG Target Areas.
- Expand the Town's new fixed-route transportation system in Davie's Southern and Eastern Target Areas (initiated in 2000), to serve the low and moderate income persons and individuals with special needs in the Western Target area.
- Continue to fund the single-family housing rehabilitation program needed by low/ moderate income families to make minor repairs to their homes, and replace existing substandard and leaking roofs.
- Continue to participate in regional planning activities through Broward County to address the problems of homelessness.
- Continue to work with local and Broward-based service providers to identify resources available to serve special needs populations.
- The Davie CRA will continue to promote the development of affordable single-family homes in the Eastside neighborhood which is within the designated CDBG Target Area.
- Continue to promote economic development initiatives that result in job training, job creation or job retention, especially for low/moderate income Target Area residents.
- Continue to undertake an educational campaign on fair housing, to ensure that Davie residents have the widest range of housing choices.

All of the Town's CDBG funded projects/activities are designed to benefit low/moderate income individuals who earn 80%< of the area's median income; therefore, the Town's *Consolidated Plan for Federal Funds* and the FY 2001/02 Action Plan, principally benefit persons of low and moderate income as required by Statute.

Section 18 - Consistency with the Consolidated Plan

Applications for housing assistance filed under the following federal programs require the issuance of a "Certificate of Consistency" with the Towns adopted *Consolidated Plan for Federal Funds 1997-2002*:

- HOME Investment Partnerships Program
- Community Development Block Grant (CDBG)
- Emergency Shelter Grant (ESGP)
- HOPE I (Public Housing), HOPE II (Multi-Family) & HOPE III (Single- Family)
- Title VI Preservation
- Supportive Housing for the Elderly (Section 202)
- Supportive Housing for Persons With Disabilities
- Supportive Housing - Single Room Occupancy SRO
- HOPE for Youth
- Shelter Plus Care

Organizations seeking a Certificate of Consistency with the Town's *Consolidated Plan*, are required to submit a written request to the Town's Housing and Community Development Office, with a copy of the proposed application. Requests must be submitted 20 days in advance of the required due date established by HUD (or any other applicable agency), giving the Town's Administrative staff sufficient time to perform the Consistency Review. The request should outline the relationship of the proposed housing project to the Town's *Consolidated Plan*, and should identify reasons that the project should be found consistent. The Town Administrator will make the determination of Consistency with the Town's approved *Consolidated Plan*. Appeals to this decision may subsequently be made to the Town Council.

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available.
2. Overall Benefit. The aggregate use of CDBG funds including Section 108 guaranteed loans during program year(s) 2001/02 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

B. Drug-Free Workplace Certification

1. By signing and/or submitting this application or grant agreement, the grantee is providing the certification.

2. The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3. Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

Town of Davie
Community Development Block Grant (CDBG) Program
Summary of Proposed FY 2001/02 Action Plan

The Town of Davie is an "entitlement" recipient of federal funds from the U.S. Department of Housing and Urban Development (HUD). As such, the Town anticipates receiving \$583,000 in Community Development Block Grant (CDBG) funds for Fiscal Year 2001/02 (October 1, 2001 - September 30, 2002) to address community development and housing needs. As a prerequisite for receiving these funds, an Action Plan has been developed which outlines the proposed use of the FY 2001/02 CDBG funds, and describes how the proposed projects/activities will address the goals and objectives outlined in the Town's Consolidated Plan for Federal Funds 1997 - 2002 which was adopted by the Davie Town Council on July 16, 1997.

#2001-1 Single-Family Rehabilitation Program \$60,000 - Provision of financial assistance (loans and/or grants) on a Town-wide basis, to eligible low/moderate-income homeowners to make needed home repairs, and replace existing substandard and leaking roofs. (Housing)

#2001-2 Emergency Assistance Program (Public Service) \$22,000 - Provision of emergency financial assistance on a Town-wide basis to eligible lower-income Davie residents, to prevent homelessness and/or address emergency situations such as the need for food, shelter, transportation, health care, on a case-by-case basis. These funds may be provided contractually through not-for-profit sub-recipient agencies (Hope Outreach, Inc., and/or EASE Foundation), or under the direction of the Town's Housing & Community Development Director. (Public Service)

#2001-3 Boys & Girls Club Community Center Facility \$300,000 - The Town of Davie and the Boys and Girls Club of Broward County will build a new 8,000 square foot facility to replace the existing facility within "Ehlinger Apartments" on West 33rd Street. The Town's goal is to relocate this Club into a more neutral and accessible location (southeast corner of Driftwood Park), that will entice the participation of all children in the Driftwood area. These CDBG funds will leverage an additional \$500,000 from the County under the new Parks Bond Initiative "Challenge Grant". (Capital Improvement)

#2001-4 CDBG Target Area Improvement Program \$85,000 - CDBG funds will be used for capital improvements and street improvements in the designated CDBG Target Areas, as follows: "Western" Target Area a/k/a "Orange Park" north of 10th Manor, south of State Road 94, between 130th and 136 Avenues; "Southern" Target Area a/k/a "Driftwood" situated south of Stirling Road, east of 78th Avenue, and north and west of the Davie Road Extension; and, the "Eastern" Target Area a/k/a "Potters Park" bounded on the north by SW 29th Street (near Nova Drive), on the south by Orange Drive, to the west by Davie Road, and to the East by the Florida Turnpike. Improvements may include but are not limited to: improvements to existing community centers/facilities; new or refurbished sidewalks, resurfaced streets, traffic calming alternatives, street lighting improvements, landscaping, and drainage. (Capital Improvements and Street Improvements)

#2001-5 Fair Housing, Citizen Participation & Support Services \$116,000 - To plan, administer, and monitor the CDBG funds and activities; undertake comprehensive planning activities; apply for other related grants; expand Fair Housing Education and Outreach Programs designed to remove impediments to fair housing choices and provide the widest range of housing opportunities for Davie residents; participate in homeless assistance initiatives; prepare Environment Review Records/Assessments, etc. (Planning/Administration, Fair Housing, Citizen Participation & Support Services)

All of the activities identified above will principally benefit low/moderate income residents of the Town of Davie, and no displacement or relocation of Davie residents or businesses is anticipated.

Copies of the Action Plan are available for review during the 30-day period commencing June 12th and ending July 13th at the Housing and Community Development Office, 4700 SW 64th Avenue, Davie, 33314, or the Davie-Cooper City Library on Griffin Road. Citizens are encouraged to review the proposed Action Plan and provide comments to the Housing and Community Development Director at the address listed above.

The Davie Town Council will hold a public hearing on the proposed FY 2001/02 Action Plan on July 18, 2001 at 7:00 pm in the Council Chambers at Town Hall. The Action Plan will be submitted to HUD on or before August 16, 2001.
