REPORT IN BRIEF:

On January 17, 2001 Town Council enacted a 'Planning and Zoning in Progress' to allow staff to review and make revisions to the sections of the Land Development Code pertaining to the siting of vehicle sales and rental facilities. Town Council desired to amend the Land Development Code to provide clarification on permitted and special permit uses pertaining to siting of new and used automobile sales, automobile rental, boat sales, boat rental, mobile home, manufactured housing and recreational vehicle sales, horse trailers and moving trailer rental, movers and taxi service establishments within the Town.

The regulations, as proposed, further define the various types of vehicle sales and rentals which may exist and allows these specific uses in zoning categories based upon their potential

impact to surrounding properties. Uses specified include the following:

- automobile sales, new and used
- automobile rental
- truck sales, new and used
- truck and trailer rentals
- motorcycle shops
- mobile home, manufactured housing, recreational vehicle sales and horse trailers
- boat sales and rentals
- movers
- taxi-limousine service, dispatch

In addition, specific land development regulations are proposed to ensure that the placement of these facilities are designed to limit any adverse impacts on surrounding residential communities. Regulations address the location of vehicle display areas, overhead doors and loading areas, minimum lot size, car washes, loudspeakers, lighting and landscaping.

The intent of these regulations is to clearly identify the various types of vehicle sales and rental, ensure their compatibility with the surrounding environment and provide staff criteria by which to review a submitted site plan.
