## TOWN COUNCIL AGENDA REPORT

**TO:** Mayor and Councilmembers

**FROM/PHONE:** Mark Kutney, AICP, Development Services Director/ (954) 797-1101  
Prepared by: David M. Abramson, Planner I

**SUBJECT:** Ordinance 1st Reading/Quasi-judicial  
VA 3-1-04 / 04-271 / Villas of Rolling Hills, 3200 - 3550 Rolling Hills Circle, generally located at the northeast corner of Rolling Hills Circle and SW 36 Street (Rolling Hills Boulevard).

**AFFECTED DISTRICT:** District 2

**TITLE OF AGENDA ITEM:**

AN ORDINANCE OF THE TOWN OF DAVIE, FLORIDA, APPROVING PETITION VA 3-1-04, VACATING AND PROVIDING FOR DRAINAGE EASEMENTS WITHIN SECTION 21, TOWNSHIP 50 SOUTH, RANGE 41 EAST AND WITHIN THE VILLAS OF ROLLING HILLS AND VILLAS OF ROLLING HILLS NORTH; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE.

**REPORT IN BRIEF:**

The purpose of this request is to vacate and replace existing drainage easements in Villas of Rolling Hills and Villas of Rolling Hills North in order to provide legal easements that correspond to existing infrastructure. The petitioner notes that some of the existing drainage pipes are not in the existing easements per the original plat. Furthermore, most of the existing easements themselves do not have drainage pipes within them.

The existing easements in some instances, conflict with the approved and under construction site plan for Villas of Rolling Hills residential site plan. Therefore, it is essential to relocate the drainage easements and existing storm sewers to conform to the approved site plan. The petitioner has provided plans that specify how the storm sewers are to be relocated to accommodate the proposed site plan

**PREVIOUS ACTIONS:** None

**CONCURRENCES:**

At the April 28, 2003 Planning and Zoning Board meeting, Vice-Chair Turin made a motion, seconded by Mr. Stevens, to approve. (Motion carried 3-0) Mr. McLaughlin and Ms. Lee were absent.

**FISCAL IMPACT:** None

**RECOMMENDATION(S):**

Staff finds the subject application complete and suitable for transmittal to Town Council for further consideration.

## Comprehensive Plan Considerations

### **Planning Area:**

The subject site is located in Planning Area 5. Planning Area 5 is bound by Nova Drive on the north, University Drive on the east, and Nob Hill Road on the west. The southern limits are SW 36 Street, on the western portion. This planning area is comprised of residential uses developed at a density of three to 22 dwelling units per acre and commercial development, existing and proposed, along the University Drive and Orange Drive corridors. The Pine Island Ridge, classified as environmentally sensitive, has been preserved within this planning area.

### **Broward County Land Use Plan:**

The subject site falls within Flexibility Zone 99.

### **Broward County Land Development Code:**

The Broward County Land Development Code requires that any changes or waivers to requirements of development permit applications be reviewed and approved or disapproved by the municipality with final approval by Broward County Commission.

### **Applicable Goals, Objectives & Policies:**

*Future Land Use Plan, Objective 17: Land Use Compatibility and Community Appearance, Policy 17-3:* Each development proposal shall be reviewed with respect to its compatibility with adjacent existing and planned uses.

## Staff Analysis

The purpose of this request is to vacate and replace existing drainage easements in Villas of Rolling Hills and Villas of Rolling Hills North in order to provide legal easements that correspond to existing infrastructure. The petitioner notes that some of the existing drainage pipes are not in the existing easements per the original plat. Furthermore, most of the existing easements themselves do not have drainage pipes within them.

The existing easements in some instances, conflict with the approved and under construction site plan for Villas of Rolling Hills residential site plan. Therefore, it is essential to relocate the drainage easements and existing storm sewers to conform to the approved site plan. The petitioner has provided plans that specify how the storm sewers are to be relocated to accommodate the proposed site plan

Staff notes that the Central Broward Water Control District has no objections to the vacation of existing drainage easements and the replacement drainage easements. In conclusion, the requested vacations will not have an adverse affect on neighboring properties, nor create a conflict with the public interest.

---

## Findings of Fact

### Vacations or abandonments of right-of-way:

#### Section 12-310 (A)(1):

**The following findings of fact apply to the vacation requested:**

**(a)** It will adversely affect access to neighboring properties.

*It will not adversely affect access to neighboring properties, nor will the vacation will of the drainage easements affect access on or to the subject property.*

**(b)** It will be in conflict with the public interest.

*Vacation of the drainage easements will not be in conflict with the public interest. The replacemnt the existing drainage easements with new proposed drainage easements will support drainage patterns*

Re: **The Villas of Rolling Hills - Drainage Easement Vacation Justification & Revisions**  
AJH #: 02-0010

Dear Town:

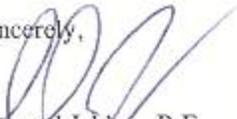

The owner of the property is requesting that the existing drainage easements on this property be vacated and replaced by the proposed drainage easements. This justification letter is attached to the easement vacation application that includes copies of the survey of the property a sketch and legal description of the property to be vacated. This application has been processed and previously approved by the Town Council (Ordinance # 2003-17). However, while processing through Broward County, a minor discrepancy in the legal description was discovered (which changed the area to be vacated from 0.3083 ac to 0.3117 ac, a difference of 0.0034 ac). Broward County has requested that the easement vacation be reprocessed so that the legal description of the easement to be vacated by the County is identical to the one approved by the Town. Below is the original justification for the drainage easement vacation.

All of the existing storm sewers that convey runoff through this site have been identified and indicated on the engineering plans submitted to the Town of Davie planning and engineering departments, as well as the Central Broward Water Control District. It is the intent of this project to continue the existing drainage patterns and provide legal easements for their maintenance. Some of the existing drainage pipes are not currently in the easements provided per the original plat (in other words they are not in an easement). Most of the easements themselves do not have drainage pipes within them. In either case, the engineering plans indicate the current and proposed routing of the storm sewers and easements. The attached site plan indicates the location of the proposed easements as do the attached sketch and legal descriptions.

This project will in no way affect the existing 60' Flow easement for the Central Broward Water Control District that bisects the property.

Thank you for your kind attention to this matter. Should you have any questions or comments, please do not hesitate to contact me at one of the above-referenced numbers.

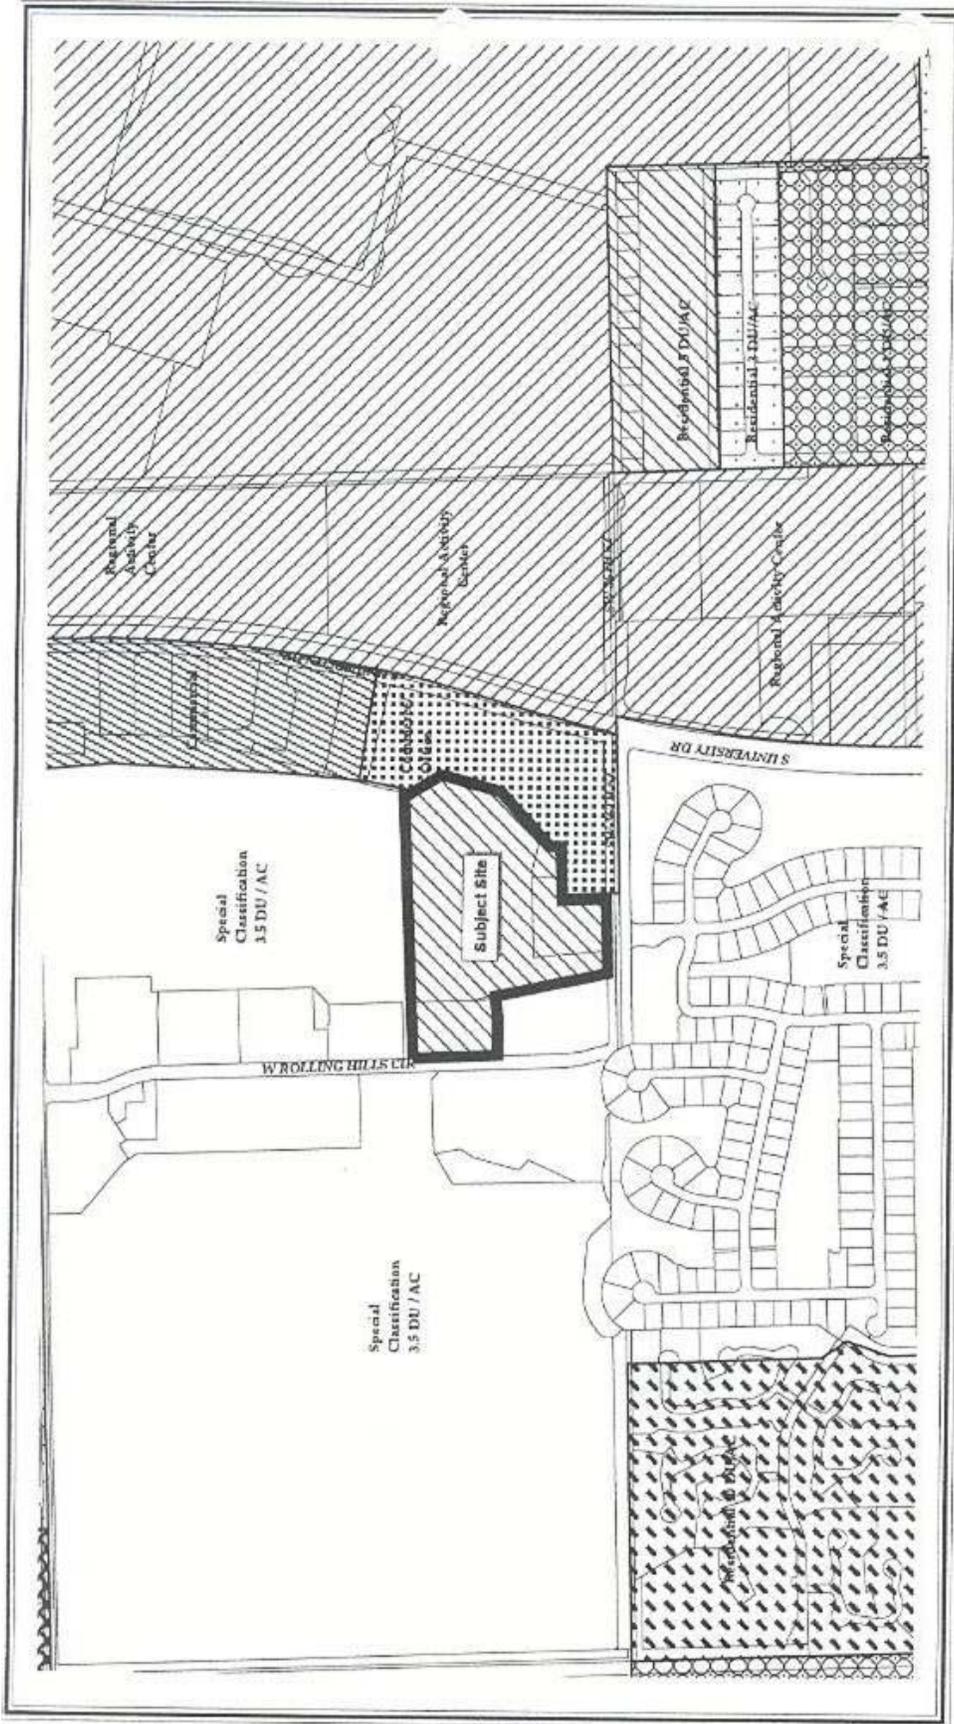

Sincerely,

Howard Jablon, P.E.
