Comprehensive Plan Considerations

Planning Area:

The subject property falls within Planning Area 10. This Planning Area is generally located north of Stirling Road, south of Griffin Road, east of Pine Island Road, and west of SW 76 Avenue. Pine Island Road, a major north/south arterial, on the western limits of this planning area provides through access from Griffin Road to Stirling Road. Commercial development of retail centers and office buildings line the University Drive corridor. The east side of this corridor is predominantly small-scale commercial development, with multi-family residential development (one existing, one proposed) and plant nurseries on the northern half of the corridor, and commerce park development and cattle grazing on commerce park-zoned lands on the southern half. Commercial development also exists along Griffin Road within this

planning area. Several small-scale single-family residential communities, two trailer parks totaling approximately 30 acres in area, and an 8-acre industrial park are located within this planning area, together with six parcels zoned for community facilities uses. These include, but are not limited to, a regional library, multiple church uses varying scales, a Girl Scout campground facility, and a private school.

Broward County Land Use Plan: The subject site falls within Flexibility Zone 102.

Applicable Goals, Objectives & Policies:

Future Land Use Plan, Objective 17: Land Use Compatibility and Community Appearance, Policy 17-6: Town land development regulations shall address incompatible land uses through requirements such as buffering and setbacks.

Future Land Use Plan, Objective 17: Land Use Compatibility and Community Appearance, Policy 17-7: Adopted land development regulations shall continue to set forth setbacks or separation regulations, landscaping requirements, and minimum open space criteria to enhance living and working environments.

Applicable Codes and Ordinances

The effective Code of Ordinances governing this project is the Town of Davie Land Development Code.

Land Development Code (Section 12-24(D)), the Urban Commercial (UC) District is intended to provide for a mix of retail, office, and residential uses in a medium to high-density environment. Areas so designated in the Town of Davie Comprehensive Plan will have some open space requirements to complement the higher densities permitted in the district.

The Broward County Land Development Code requires Delegation Requests for plat note amendments.

Application Details

The petitioner requests approval of the resolution to authorize the change in the restrictive note on the “Wolf Family Plat” **from** this plat is restricted to 275,000 square feet of commercial use. Bank uses are not permitted without approval of the Board of County Commissioners who shall review and address their uses for increased impacts, **to** this plat is restricted to 275,000 square feet of commercial use and 6,200 square feet of bank use.

Staff Analysis

The Comprehensive Plan and Land Development Code permits parcels designated UC, Urban Commercial District to be developed with commercial and bank uses. This request is directly associated to Master Site Plan Application (MSP 2-1-04) Lakeside Town Shops and Site Plan Application (SP 11-2-04) Wachovia Bank.

Approval of this request is subject to sufficient capacity of the regional road network as determined by Broward County. In the event sufficient capacity is not met, the delegation request shall be deemed denied by the Town of Davie.

Findings of Fact

Staff finds that the proposal to develop 275,000 square feet of commercial use and 6,200 square feet of bank use is consistent with the UC, Urban Commercial District Designation, and is compatible with the surrounding area. Staff has no objection to the request.

Staff Recommendation

Staff finds the subject application complete and suitable for transmittal to the Town Council for further consideration with the following recommendation:

1. The "Wolf Family Plat" is adjacent to Stirling Road and Southwest 76th Avenue and local road improvements are needed. For consistency, all properties abutting Southwest 76th Avenue are required to reconstruct this road to a minimum of 24' wide for the full length of the plat, as well as, contributing into traffic calming.
