

Marge Jozwiak

There is a saying that goes " *If you are going to 'talk the talk,' you need to be able to 'walk the walk'.*" Marge Jozwiak does indeed back up her talk by " walking the walk." Retiring in 1999 from the Davie Police Department after a twenty-six (26) year career which included being a Road Patrol Officer, a Detective and a D.A.R.E. Instructor, Marge was asked to come back and take on the position of Community Affairs Representative for Senior Services. With the same determination she showed as an Officer, Marge began to help our large senior population with their problems and concerns. Often working on her own time, sometimes with her own money, Marge has helped many of our elderly citizens resolve problems that had often seemed impossible. Whether arranging transportation to a doctor's appointment or a trip to the grocery store, Marge helps needy seniors overcome problems that many of us deal with and consider 'routine.' Often just offering a 'listening ear' helps, and Marge is always ready to do what she can. Marge Jozwiak demonstrates, everyday by her caring and helpful attitude, how to "walk the walk" and is very deserving of this Employee of the Quarter Award.
