## Memorandum

TO: Mr. Gary Shimun, Town Administrator

FROM: Manny Diez, Public Works Director 

SUBJECT: Public Works Costs to Construct S.W. 49<sup>th</sup> Ct Roadway

DATE: September 26, 2007

---

Below are the costs incurred by the Public Works Department for the construction of the roadway called S.W. 49 Court. The previous roadway was a gravel road and therefore the scope of the work involved excavation of all unstable material, installation and compaction of a stable sub base, installation and compaction of a minimum of 8 inches of road rock base and finally installation of 1.5 inches of asphalt. The roadway section is 550 feet long and between 11 and 12 feet in width, for a total of 717.21 square yards.

All of the base work was performed by the Public Works staff while the final asphalt was installed by the Town's recurring contractor. The cost for the work is as follows:

Stabilize sub base and install road base:	
-Labor and Equipment	\$28,885
-Material	\$19,659
Asphalt Pavement Installation	\$5,478
Total	\$54,022
