TOWN OF DAVIE
OFFICE OF THE TOWN ADMINISTRATOR

MEMORANDUM

TO: Bob Rawls, Interim Town Administrator
FROM: Will Allen, Programs Administrator
DATE: March 12, 1999
SUBJECT: Cable Television Franchise Agreement- Comcast
Cablevision of Broward County, Inc.

A public hearing is scheduled for the March 16, 1999 Town Council meeting to consider a franchise agreement for cable television services with Comcast Cablevision of Broward County, Inc. An agreement has been reached with Comcast as of today. As with any agreement this is subject to approval of all terms by the Town Council. Representatives will be at the public hearing from Comcast and they will represent that they agree to the terms of the attached franchise agreement. It is recommended that the franchise agreement be approved. Town Attorney Barry Webber, Finance Director Chris Wallace and I have worked with the representatives of Comcast to reach an agreement which serves the residents and the Town well.

As you know, the Town approved a non-exclusive franchise agreement with BellSouth Interactive Media Services, Inc. at the December 16, 1998 Town Council meeting. The Comcast agreement is not identical to the BellSouth franchise agreement but it is very close. It can't really be identical as Comcast is already operating in the community and will rebuild their system while BellSouth will be building a new system. There are no substantial or material changes made to the franchise agreement already approved for the BellSouth system with one possible exception; closed captioning. We tried to pass on closed caption responsibilities for Town Council meetings, should this ever be required, to Comcast. This is an item that we haven't seen any other community be able to do and the law does not back us up on passing on the cost, but it was worth a try. This can be discussed at the public hearing.

Among highlights of the terms of the franchise agreement are:

- Comcast must upgrade their current cable television system. The current 400 MHz bandwidth with a capability of 52 channels will be upgraded over a three year period with a scheduled completion date December of 2001 to a bandwidth of 750 MHz which will have a capacity of at least 78 channels with 2-way interactive by channel capability.
- The term of the franchise is for 10 years with an automatic 5 year extension if service obligations are met.
- Comcast must have an office within 10 miles of the corporate limits and a

payment center within the Town. There is, of course, an office Drive.

on Nova

- Service must be provided to homes within 150 feet of the feeder cable.
- Free basic and expanded basic services are to be provided to governmental and institutional uses including a free internet service.
- A dedicated channel for the use of public, educational, and government access is to be provided within three years.
- Town meetings are to be broadcast live with the costs divided among providers. Live broadcasting can be requested for 4 additional meetings or events and up to 10 additional meetings can be broadcast annually on a tape-delay basis.
- The Town will receive \$12,500 for equipment upgrades for camera equipment, lighting and sound system at Town Hall.
- Consumer service standards are set for office hours, telephone availability, as well as for times to respond to service interruptions.
- A franchise fee of 5% of annual gross revenues is established.
- Franchise transfer procedures are listed.
- A security requirement is established and insurance and indemnity clauses are included.

Representatives of Comcast will be at the public hearing to answer questions and clarify their positions for the record. Once again, it is recommended to approve the franchise agreement.

These rights and remedies are in addition to any and all other rights or remedies, now or hereafter available by law to the Franchising Authority to enforce the provisions of this Agreement, and will not be deemed waived by the exercise of any other right or remedy. The exercise of any such right or remedy by the Franchising Authority shall not release the Company from its obligations or any liability under this Agreement, except as expressly provided for in this Agreement or as necessary to avoid duplicative recovery from or payments by the Company.

9.2 Events of Default

9.2.1 Grounds. The Company agrees that an Event of Default shall include, but shall not be limited to, any of the following acts or failures to act by the Company or any Affiliated Person:

9.2.3 Breach Procedures. The Town through its governing body shall exercise the rights provided in Section 9.2.2 in accordance with the procedures set forth below:

(i) The Responsible Franchising Official shall notify the Company, in writing, of an alleged Event of Default, which notice shall specify the alleged Event of Default with reasonable particularity. The Company shall, within fifteen (15) days after receipt of such notice or such longer period of time as the Responsible Franchising Official may specify in such notice, either cure such alleged Event of Default or, in a written response to the Responsible Franchising Official, either present facts and arguments in refutation or excuse of such alleged Event of Default or state that such alleged Event of Default will be cured and set forth the method and time schedule for accomplishing such cure. In the event the Company requires more than fifteen (15) days to respond to the notice due to the nature of the alleged default, it may request additional time to respond to the notice. The request for an extension of time to respond must state with specificity the reason or reasons why the Company cannot comply with the fifteen (15) day limitation. The requested extension of time to respond shall not be unreasonably denied by the Responsible Franchising Official.

(ii) The Responsible Franchising Official shall initially determine (A) whether an Event of Default has occurred; (B) whether such Event of Default is excusable; and (C) whether such Event of Default has been cured or will be cured by the Company.

(iii) If the Responsible Franchising Official determines that an Event of Default has occurred and that such Event of Default is not excusable and has not been or will not be cured by the Company in a manner and in accordance with a schedule reasonably satisfactory to the Responsible Franchising Official, then the Responsible Franchising Official shall prepare a written report which may recommend the action to be taken by the Town's governing body. The Franchising Authority shall provide notice and a copy of such report to the Company. The Company shall have the right to submit within fifteen (15) days of receipt of such report additional written evidence and information to the Franchising Authority in support of its position. In the event that the Town's governing body determines that such Event of Default has not occurred, or that such Event of Default either has been or will be cured in a manner and in accordance with a schedule reasonably satisfactory to the Town's governing body, or that such Event of Default is excusable, such determination shall conclude the investigation. Otherwise, the Franchising Authority shall after at least ten (10) days written notice, conduct a hearing at which the Company shall have the right to present written and oral evidence and to cross-examine witnesses and evidence relied upon by the Responsible Franchising Authority.

(iv) If after the hearing described in the preceding paragraph the Town's governing body determines that such Event of Default has occurred, and that such Event of Default has not been and will not be cured in a manner and in accordance with a schedule reasonably satisfactory to the Town's governing body, and that such Event of Default is not excusable, then the Franchising Authority may take any of the actions provided in Section 9.2.2.

9.3 Termination. In the event of any termination of this Agreement, whether by expiration, revocation or otherwise, the Company agrees to cooperate with the Franchising Authority or third party or to take other reasonable steps to maintain continuity in the distribution of services to subscribers over the System for a period of up to three (3) months.

9.4 Company's Obligations. In the event of any acquisition, transfer or Abandonment of the System, the Company shall promptly supply the Franchising Authority or third person with all records necessary to

reflect the change in ownership and to operate and maintain the System.

9.5 Liquidated Damages. Because the Town will suffer damages from any violation by Franchisee of this Agreement, which damages may be difficult to quantify, the Town and Franchisee agree to the following schedule of liquidated damages:

9.5.1 For failure to complete standard drop installations and offer service as required by the Franchise Agreement, unless the Town specifically approves a delay caused by the occurrence of conditions beyond Franchisee's control, Franchisee shall pay One Thousand Dollars (\$1,000) per day for each day, or part thereof, the deficiency continues.

9.5.2 For material failure to provide data, documents, reports or information in a timely manner as required by this Franchise Agreement, Franchisee shall pay One Hundred Dollars (\$100) per day, or part thereof that such noncompliance continues.

9.5.3 For material failure to test, analyze and report on the performance of the system in a timely manner as required by this Franchise Agreement of following a request from the Town to do so, Franchisee shall pay One Hundred Dollars (\$100) per day, or part thereof, that such noncompliance continues.

9.5.4 For failure to comply with any other material provision of this Franchise Agreement within thirty (30) days of receipt of notice of such non-compliance from the Town, Franchisee shall pay One Hundred Dollars (\$100) per day, or part thereof, that such non-compliance continues.

9.5.5 Before assessing liquidated damages against Franchisee, the Town shall give Franchisee written notice of the violation and its intention to assess such damages, which notice shall contain a description of the alleged violation. Following receipt of such notice, Franchisee shall cure or commence to cure and the Franchisee and the Town shall make good faith reasonable efforts to resolve the dispute in question. If the dispute is not resolved in that thirty (30) day period, the Town may collect liquidated damages owed, either through draw-down of the security fund as provided in Section 10 of this Agreement, or through any other means allowed by law.

SECTION 10 SECURITY

10.1 Franchisee shall provide the Franchising Authority within thirty (30) days of the effective date of the Town Council resolution approving the grant of the franchise a performance bond or an irrevocable letter of credit issued by a Florida bank or other lending institution located in Florida which is federally insured in the amount of One Hundred Thousand Dollars (\$100,000) as security for the faithful performance of all provisions of the Franchise Agreement, the Franchising Authority's Code of Ordinances, and all applicable state and federal law. If such security is not furnished to the Franchising Authority within thirty (30) days of the date of the Town Council resolution approving the grant of the Franchise, this Franchise Agreement and the grant of the franchise will become null and void without further action by the Town. The performance bond or irrevocable letter of credit shall be maintained in the full amount specified throughout the term of the franchise agreement and for one (1) year after the franchise expires or is terminated, without reduction or allowances for any amounts which are drawn down or paid pursuant to this Franchise.

10.2 If after thirty (30) calendar days, written notice Franchisee fails to pay to the Town, any fees or taxes due and unpaid, or any liquidated damages pursuant to Section 9 hereof, damages, costs, or expenses that the Town has incurred by reason of any act, omission, or default of Franchisee in connection with this Franchise Agreement, the Town may immediately draw down that amount, with interest and any penalties, from the bond or irrevocable letter of credit. Upon such draw down, the Town shall notify Franchisee in writing of the amount and date of the withdrawal.

10.3 Within thirty (30) calendar days after notice to Franchisee that an amount has been drawn down by the Town from the security deposit, Franchisee shall immediately replace the performance bond or irrevocable letter of credit in the original amount required under Section 10.1. If Franchisee fails to restore the security to the original amount within that thirty (30) calendar day period, the entire security, including any accrued interest, may be forfeited, and/or such failure may be considered a material breach of this Franchise Agreement, and shall constitute grounds for revocation of the franchise or other enforcement action by the

Town.

10.4 The security shall become the property of the Town in the event the franchise is revoked. Franchisee is entitled to return of the balance of the security that remains following any other form of expiration of the franchise, including denial of renewal, provided that there is no outstanding default or unpaid amounts owed to the Town by Franchisee.

10.5 The rights reserved to the Town under this Section are in addition to all other rights of the Town, whether reserved in the Franchise Agreement, or authorized by other law, and no action, proceeding or exercise of a right with respect to the security will affect any other right the Town may have.

APPENDIX B

SYSTEM CHARACTERISTICS

Section 1. Description of CATV System and Ownership of Facilities

A. Description of CATV System Facilities

The current cable plant in the Town of Davie has a bandwidth of 400 MHz with a channel capacity of 52 analog channels. Comcast has committed to a rebuild of the existing plant to meet current design and architecture specifications. The rebuild will take place over a three-year period (construction to begin in the second quarter of 1999 with a scheduled completion date of 12/2001) and has been designed to increase the current bandwidth to 750 MHz. This represents a 1.7 times increase in capacity of the system. At the time of completion, the new cable system shall at a minimum, (1) be able to pass frequencies of at least 750 MHz; (2) have a channel capacity of at least seventy-eight (78) video channels; (3) have two-way interactive capability; and (4) upstream video channel capacity to the headend and in the amount necessary to satisfy the access channel requirements set forth in his agreement.

B. Further Expansion

Company recognizes that additional channel capacity may be needed in the future to serve the needs of Town of Davie. Future level of service and capacity is basically dependent upon two factors namely (1) the availability of good quality programming and qualitative auxiliary services, and (2) the then existing state of technology in cable construction. Maintenance of proper channel capacity and level of service is a variable process, i.e., that which is perceived to be satisfactory today, may well be inadequate tomorrow.

C. Minimum Facilities and Services.

1. All video signals received for transmission over the system to subscribers that contain closed circuit captioning information for the hearing impaired shall contain such information in the form received when transmitted over the system to subscribers.

2. Franchisee shall make available at a reasonable charge to any hearing-impaired residential subscriber, upon the request of such subscriber, any equipment beyond the subscriber's equipment capable of decoding closed-circuit captioning information for the hearing impaired. Franchisee shall advise all residential subscribers at least annually of the availability of such equipment.

3. Franchisee's system shall be capable of transmitting and shall transmit, to subscribers any stereo signals and television signals received and carried by the system in the form received.

4. Franchisee shall take affirmative, economically feasible steps to ensure maximum availability of the services and facilities of the system, including without limitation all access channel services and facilities, to handicapped persons, including hearing impaired persons. Franchisee shall comply fully with all applicable laws concerning handicapped or disabled persons, and shall indemnify and hold the Town harmless from any suit, claim, or demand against it for violation of such laws that arises from Franchisee's provision, or failure to provide, services in conformity with such laws.

5. Franchisee agrees to take reasonable good faith steps to implement new technology and services in its cable system as they become commercially available and economically feasible.

6. Testing Procedures: Technical Performance. Throughout the term of this Agreement, the Company shall operate and maintain the System in accordance with the testing procedures and the technical performance standards of the FCC in effect from time to time, including, but not limited to, the right of the Town upon written request to be present during the semiannual FCC test.

7. Technical Standards. Franchisee shall further comply with each of the following requirements:

A. All antennas, supporting structures, and outside plant used in operating and maintaining Franchisee's cable system shall comply with all generally accepted industry standards and all federal, state,

county, town, and/or utility laws, ordinances, rules and regulations relating to tower structures and outside plant.

B. All construction, installation, and maintenance of Franchisee's cable system shall comply; with the National Electrical Safety Code, the National Electrical Code, all applicable state and local laws and regulations, and accepted industry practices.

C. Franchisee shall not design, install, or operate its system in a manner that will interfere with the signals of any broadcast station, the electrical or telephone system located in any building, the cable system of another franchisee, or any individual or master antennas used for receiving television or other broadcast signals.

D. Franchisee's cable system shall, at a minimum, meet or exceed all technical and signal quality standards of the FCC and the National Cable Television Association, including such standards as hereinafter may be adopted or promulgated.

APPENDIX C

GENERAL REQUIREMENTS FOR WORK ON THE SYSTEM

Licenses and Permits

The Company shall have the sole responsibility for diligently obtaining, at its own cost and expense, all permits, licenses, or other forms of approval or authorization necessary to construct, operate, maintain, repair or upgrade the System, or any part thereof, prior to commencement of any such activity.

In the event that the Company refuses or neglects to so protect, alter, or relocate all or part of the System, the Franchising Authority shall have the right to break through, remove, alter, or relocate all or any part of the System without any liability to the Company and the Company shall pay to the Franchising Authority the costs incurred in connection with such breaking through, removal, alteration, or relocation.

Protect Structures

In connection with the construction, operation, maintenance, repair, upgrade, or removal of the System, the Company shall, at its own cost and expense, protect any and all existing structures belonging to the Franchising Authority and all designated landmarks. The Company shall obtain the prior approval of the Franchising Authority before altering any water main, sewerage or drainage system, or any other municipal structure in the Streets required because of the presence of the System in the Streets. Any such alteration shall be made by the Company, at its sole cost and expense, and in a manner prescribed by the Franchising Authority. The Company agrees that it shall be liable, at its own cost and expense, to replace or repair and restore to serviceable condition, in a manner as may be specified by the Franchising Authority, any Street or any municipal structure involved in the construction, operation, maintenance, repair, upgrade or removal of the System that may become disturbed or damaged as a result of any work thereon by or on behalf of the Company pursuant to the Agreement.

The Company may impose a reasonable charge on any Person other than the Franchising Authority for any such movement of its wires.

Safety Precautions

The Company shall, at its own cost and expense, undertake all necessary and appropriate efforts to prevent accidents at its work sites, including the placing and maintenance of proper guards, fences, barricades,

watchmen, and suitable and sufficient lighting.

Moving Wires

The Franchising Authority may, at any time, in case of fire, disaster, or other emergency, as determined by the Franchising Authority, in its sole discretion, cut or move any of the wires, cables, amplifiers, appliances, or other parts of the System, in which event the Franchising Authority shall not incur any liability to the Company, any Affiliated Person or any other Person. When possible, the Company shall be consulted prior to any such cutting or movement of its wires and be given the opportunity to perform such work itself. All costs to repair or replace such wires, cables, amplifiers, appliances or other parts of the System shall be borne by the Company.

Construction Bond

To the extent Franchisee desires to construct, repair, upgrade, or remove its System in a way which would require any construction or work to be performed in the Franchising Authority's right of way, Franchisee shall furnish a construction bond in favor of the Franchising Authority in the amount of one hundred thousand (\$100,000) dollars. If such construction bond is not furnished to the Franchising Authority within ten (10) days prior to the date of commencement of construction, this Franchise shall be deemed in default. The construction bond must be approved by the Franchising Authority, which approval shall not be unreasonably withheld. The construction bond shall be maintained until the construction, repair, upgrade, or removal of the cable system is completed and for one year thereafter. Franchisee shall notify the Town in writing when it believes the work contemplated by the construction bond has been completed. No construction shall be commenced prior to receipt of the construction bond by the Franchising Authority.

Use of Streets

Franchisee agrees at all times to comply with and abide by Chapter 21, Streets, Sidewalks and Other Public Places of the Town of Davie Code of Ordinances.

Franchisee shall utilize, with the owner's permission, existing conduits, poles, or other facilities whenever feasible. The Franchisee has the duty and the responsibility to obtain or establish the existence of an easement or dedication for its use. Copies of agreements for use of conduits or other facilities shall be filed with the Town upon the Town's request.

All of Franchisee's transmission lines, equipment, structures and other facilities shall be installed, located, and maintained so as to cause minimum interference with the rights and convenience of property owners. The Town may issue such rules and regulations concerning the installation and maintenance of a cable system installed in, on, or over public Streets, as may be consistent with the Ordinance.

All safety practices required by law or accepted industry practices and standards shall be used during construction, maintenance and repair of the cable system.

As required by the Town, and upon receipt of written notice from the Town, Franchisee shall remove, relocate, replace or modify at its own expense (except as otherwise required by law) its facilities within any public Street.

Franchisee shall obtain any required permits and pay any required fees before commencing any construction on or otherwise disturbing any private property or public Streets as a result of its construction or operations. Franchisee shall, at its own expense, restore such property to a condition as good as its former condition. If such restoration is not performed in a reasonable and satisfactory manner within thirty (30) calendar days, the Town may, after prior notice to Franchisee, cause the repairs to be made at Franchisee's expense.

If the Town is required to perform emergency Street work requiring relocation of Franchisee's facilities in the Streets, then Franchisee shall reimburse the Town for its reasonable costs associated with such relocation.

Franchisee shall not place facilities, equipment or fixtures where they will interfere with any gas, electric, telephone, water, or sewer facilities, or obstruct or hinder in any manner the various utilities serving the residents of the Town. All such facilities, equipment or fixtures placed in any public Street shall be placed close to the line of the lot abutting on the public Street, in a manner so as not to interfere with use of the public Street.
