Advisory Committees & Other Meetings

The Town has a number of advisory boards and committees that provide recommendations to the Town Council regarding special program areas. To be appointed to a board or a committee, you must be a registered voter, and a Town resident, or a Town business owner. If you are interested in volunteering your time by serving on any of the Town boards or committees, please contact Evelyn Roig, CMC, Town Clerk, Town of Davie, 6591 Orange Drive, Davie, FL 33314. Phone: 954-797-1026, Fax: 954-797-1087, or email: eroig@davie-fl.gov.

To see the schedule of other Town meetings, such as advisory boards, etc., visit our website at www.davie-fl.gov. Town Council Meetings are held at Davie Town Hall in the Council Chambers located at 6591 Orange Drive. All meetings are subject to change. Please check our website for the most up-to-date information, www.davie-fl.gov.

From the Desk of Mayor Judy Paul...

To acknowledge our solidarity with the victims, survivors, their families, and the community of the Orlando mass shooting, the town held a prayer vigil on June 14, 2016. I want to thank everyone who came out to show their support for all those affected by this horrific incident.

The FY2017 budget process is in full swing. We kicked off this process with a Vision and Goal Setting Session that the Town Councilmembers and I attended. At this session, staff sought direction from the Town Council regarding ongoing and proposed programs for FY2017. In addition, the Town held several community forums during May 2016 to solicit feedback for the budget process. At these forums, the Town Administrator Richard J. Lemack and staff presented the five-year forecast for the Town and updated the community about planned Town and District projects. The first budget workshop was held on June 8, 2016, where the Town Administrator presented the Town Council with a balanced budget. We are on the right track, and we look forward to our budget hearings in the fall. To learn more about the dates and the times of these meetings, please visit our website at www.davie-fl.gov.

The 2016 Atlantic Hurricane Season began on June 1 and ends November 30. In the Town, we already started the year with some unusual weather activities (tornadoes in western Davie and other tropical disturbances throughout the Town), so it is imperative for our residents to prepare for the impending season. If you are unsure what to do in preparation, please review the hurricane preparedness (page 5) and the flood insurance (page 7) guides to garner additional information. I encourage all Davie residents and business owners to please sign up to receive Town of Davie Alerts through our emergency notification system (page 6). If an emergency, natural disaster, or other event occurs, we can contact you through our notification system only if you have signed up to receive these alerts. I cannot stress how important it is for us to have your most recent contact information. Please remember, in case of an emergency, you can call our 24-hour recorded phone line at 954-797-1122 to obtain the most up-to-date information.

The Annual Mayor's Scholarship Fund has been such a huge success over the years. The scholarship fund provides two \$500 scholarships to graduating seniors who have an interest or who are pursuing a career in public service: public safety, public administration, law, criminal justice, public affairs, or any other related field. As in previous years, we received several outstanding applications from Davie students. I partner each year with the Youth Education and Safety Advisory Committee (YESAC) to review and to whittle the pool of applicants down to two. Some excellent applications were received, which made this task all the more difficult. The two students who were chosen to receive the scholarships are Western High School students Rachel Merry and Dylan Shaffer. What stood out most to me about these students are that both have over 4.0 GPAs, extensive documented service hours, participation in leadership and extracurricular activities, honors awards, and hosts of other accolades. I will be recognizing these students at an upcoming Town Council Meeting. I know that they will make their parents and us proud.

The Public Affairs Academy is another educational initiative I started several years ago to help students understand the role each person plays in ensuring the success of our Town. I would like to take this opportunity to recognize the students who participated and successfully graduated from the 2016 Town of Davie Public Affairs Academy. Congratulations to Western High School students Jorge Evaristo, Brienne Barbakoff, Brandon Duvdivani, Marcos Salas, Carlo Capulong, and Brandon Candela; Nova High School student Rina Lakhani; and College Academy at Broward College Brooke Bambis, who graduated at the May 18, 2016, Town Council Meeting. Students who completed the academy received a certificate of completion, a letter of recommendation from the Department Director they shadowed, a Town lapel pin, and a Town of Davie shirt. It was such an immense pleasure to have these students experience hands-on the day-to-day activities that are carried out for the success of the Town.

I would like to welcome a new farmers market to our community, Marando Farms at Davie. The grand opening of the farmers market will be held in October. The market will feature fresh local produce, will host agricultural workshops and seminars, and will provide tours and educational classes. I look forward to this farmers market and what it will have to offer to the Town.

In 2012, I joined the Davie Woman's Club and initiated an effort to have our home on Orange Drive added to the National Register of Historic Places. This register is the official list of the historic places in the United States worthy of preservation. We submitted letters of support and gathered over 386 signatures from Davie residents to support our initiative. I am proud that we recently received notification that the Davie Woman's Club has been added to the register. The process has been long, but, nonetheless, well worth it. I would like to thank everyone who assisted in making this dream become a reality.

I also invite you to visit the Old Davie School Historical Museum, Davie's other historical site listed on the register since 1988. The museum celebrates the Town's roots and culture through exhibits that depict the settlement of Davie and western Broward, all housed at the first permanent school in the Everglades built in 1917. Please visit www.olddavieschool.org to learn more about the museum and special events held year-round.

During the summer, please ensure that you are staying hydrated and that you are keeping your pets and animals hydrated as well. As usual, if you need to contact me, please feel free to call my office at 954-797-1030, or email at jpaul@davie-fl.gov.

Thoughts and Comments from the Town Council...

District 1 Councilmember Bryan Caletka
954-797-1030 bcaletka@davie-fl.gov

I recently had the privilege of attending the Third Annual Fire Promotions Swearing-in Ceremony. At the event, we welcomed 11 new firefighters. The firefighters were hired through the Staffing for Adequate Fire & Emergency Response Grant. It was an amazing experience to see the new firefighters who already have such passion for their profession. Family members, friends, and Town officials were on hand to congratulate the new firefighters as they embark upon their firefighter careers with our Town. I wish them all the best. At the ceremony, we also paid tribute to the late Fire Chief Joseph J. Montopoli who passed away unexpectedly in February.

As a teacher at Western High School, I would like to congratulate my colleague Dr. Chin-Tang Liu and his team of the Science Technology Engineering and Math Robotics and Solar Tech Booster Club for their successful year. They concluded their season by winning the Rookie All-Star Award at the Bayou Regional Robotics Competition held in New Orleans. Dr. Liu and his pupils entered the competition for the first time with Robot #5872. I am very proud that one of our local high schools is among the elite in robotics.

I also want to congratulate my fellow Councilmember Caryl Hattan (District 2), Councilmember Susan Starkey (District 3), and Vice Mayor Marlon Luis (District 4) on their reelection. We have been working collectively for the residents of Davie for the past eight years, and I am happy to continue to do so. Together with Mayor Judy Paul, we are a very cohesive team who will continue to work assiduously for the betterment of our community.

District 3 Councilmember Susan Starkey

As the Town's representative on the Florida League of Cities, I am honored and proud to announce that I was selected to receive the 2016 Florida League of Cities Home Rule Hero Award. I have always been a proponent and advocate for municipal home rule and engagement with the legislature. I will continue to

work tirelessly for the benefit of our residents, business owners, and the Town.

Recently in District 3 we completed a landscaping project at Liberty Park and a painting and landscaping project at the Orange Park Community Center. With the help of several volunteers, staff, and donations from various local organizations, the community came together to enhance its facilities. At the Liberty Park event, the Town was awarded the 2015 Arbor Day Tree City USA Award and the Tree City Growth Award, which we have won for the past 25 years and the past 8 years, respectively.

I want to take this opportunity to speak about Boomer BreakThrough, an organization that the Town and I are a part of. The Baby Boomer generation consists of all those individuals who were born between 1946 and 1964. Kitty Preziosi, president of Boomer BreakThrough, and the Town, have partnered with Nova Southeastern University to obtain the Quality of Life Grant.

With the moneys received from this grant, our plans are to initiate several programs throughout the Town to enrich the lives of our baby boomers. For more information, please contact Kitty Preziosi at kitty@boomerbreakthrough.com or me. Have a happy and safe summer.

District 2 Councilmember Caryl Hattan

I want to congratulate the Davie Utilities Department for receiving the 2016 Florida Water Environment Association (FWEA) David W. York Water Reuse System of the Year Award in the 1 to 5 MGD category. I am proud to say that we have the premier state-of-the-art Water Reclamation and Treatment Facility in South Florida. We remain committed to implementing new technologies to ensure that Davie's water quality is second to none.

As the co-chair of the Broward County Homeless Continuum of Care, I want to tell you about two programs – The Family Reunification Program and 2-1-1 Broward. The Family Reunification Program assists homeless individuals in our communities in reuniting with family members throughout the United States. 2-1-1 Broward serves a multitude of needs. This free, easy-to-use 24/7 service in Broward County provides aid with housing, food, financial assistance, emotional support, and crisis intervention, to those in need.

The Town of Davie Independence Day Fireworks and Family Fun Day will be held on Monday, July 4, at Pine Island Park. The event will kick off at 10 a.m. at the Aquatics Center with pool activities, including a fun foam spray, inner tube water polo, dive-in treasure hunt, and watermelon-eating contest. At 4 p.m., the evening activities kick off with face painting, crafts, vendors, cake cutting, live music, and at 9 p.m., the best fireworks in Broward County.

Please be mindful of people, animals, equines, and other pets that are sensitive to the loud sounds of the fireworks.

District 4 Vice Mayor Marlon Luis
954-797-1030 mluis@davie-fl.gov

I would like to welcome the Town's new Fire Rescue Chief Julie Downey. An appointment ceremony was held at the June 8, 2016, Town Council Meeting, which included a badge pinning and transfer of command ceremony. Chief Downey has over 35 years of service in emergency management and has served the Town

of Davie for the past 12 years in the capacity of Battalion Chief and Assistant Fire Chief. I have no doubts that Chief Downey will continue to uphold the highest standards that have been entrenched in our Fire Department. In addition, I want to express my sincerest gratitude to Michael Malvasio, who was the acting Fire Chief after the untimely passing of Joseph J. Montopoli.

For western Davie residents, I want to remind you of the sidewalk construction on S.W. 136th Avenue between Shenandoah Parkway and S.W. 14th Street. The Florida Department of Transportation will be adding a 5-foot sidewalk on the eastern side of the corridor over the next two months. Construction will occur between 9 a.m. and 4 p.m., Monday-Friday, with single-lane closures possible. Please drive carefully through this area.

National Night Out will be held on Tuesday, August 2, 2016. This community-building program is a staple here in Davie and is designed to promote and to strengthen the resident-police relationship. Members of the Police Department and the Town Council will be out in full force at various events held throughout the Town. This is a great way for members of the community to have one-on-one interaction with the Police in a relaxed environment. I look forward to seeing you at one of these events.

Hurricane Preparedness

Hurricane season is June 1 to November 30. Stay Prepared

Ten-Step Family Plan

STEP 1 Hold a family meeting

Discuss the hazards of hurricanes. Encourage children to talk about their fears, and explain some of the things you will be doing to keep everyone safe. Start a written list of things you will need to take care of, and encourage everyone in the family to contribute their ideas.

STEP 2 Discuss shelter options

Discuss whether you will need to evacuate. All mobile homes are considered to be in an evacuation zone and if the order to evacuate is given, then all Davie residents who reside in mobile homes must comply. Going to a family's or a friend's house or hotel outside the evacuation area is your best choice. If you choose to go out of town, do so well in advance of the storm. Since shelters provide for only basic needs, this should be your choice of last resort.

STEP 3 Ensure your assets are protected

Inventory your home possessions and videotape or photograph items of value. Review your insurance policies to ensure you have adequate coverage.

STEP 4 Assess your home for vulnerable areas

Do a walk-through of your home and property to evaluate your roof, windows, garage door, landscaping, etc., and determine what actions you will take.

STEP 5 Make a plan to protect your vehicles

Decide where you will store or park your vehicle, boat, or RV. Check your vehicle insurance policy, and keep it in the same safe place as your homeowner's policy.

STEP 6 Secure your home

Decide what actions you will need to take to protect your home and your property (shutters, generator, trim trees) and to keep as comfortable as possible during recovery.

STEP 7 Determine whether anyone in your home has special needs.

Discuss whether anyone in your home is elderly or has special needs and, if so, make arrangements in advance to accommodate those needs.

STEP 8 Make a plan for your pet

Determine how you will address your pet's needs, and make a plan for your pet in case you have to evacuate. Be sure to plan for large animals such as horses.

STEP 9 Gather your supplies

Determine your family's food, water, and medical needs, and assemble your hurricane kit according to those needs.

STEP 10 Notify others of your plan

Let family or friends know what your hurricane plan is so they can check on you in the aftermath of the storm. Establish an out-of-town contact.

Evacuation and Special Needs

Option One – Stay with Family or Friends Outside the Evacuation Zone

If you must evacuate your home, either because you live in an evacuation zone, you live in a mobile home (in the event of a weather emergency), or you feel unsafe in your home, your best choice is to stay with family or friends in a location outside the evacuation zone. This is where you will be most comfortable.

Option Two – Make Reservations at a Hotel Outside the Evacuation Zone

Option Three – Stay in a Mass Care Shelter

American Red Cross Mass Care Shelters provide a basic level of care and are open to all. No preregistration is required. If you have a self-managed health condition or disability, you will likely be able to shelter comfortably in a mass care shelter. When you arrive at the shelter, be sure to tell shelter personnel what your needs are. If you need transfer assistance, sign language interpretation, and other auxiliary aids, or a quiet zone for a cognitive disability or mental health need, call 954-831-4000 or TTY 954-831-3940, for the most updated information. Fox Trail Elementary School, 1250 Nob Hill Road, Davie, is a designated American Red Cross Shelter.

Option Four – Stay in a Special Medical Needs Shelter

If you have a medical condition that requires a greater level of care than that provided at a mass care shelter but you do not require hospitalization, a Special Medical Needs Shelter may be appropriate for you. These shelters offer basic medical assistance and monitoring. They are staffed by qualified medical personnel and have backup electricity for limited lighting and essential medical equipment. Family members and caregivers are encouraged to accompany residents with special medical needs. Preregistration is encouraged for planning and response purposes, but not required. Call the Broward County Human Services Department at 954-357-6385 (TTY 954-357-5608) for an application or for any questions you may have.

Option Five – Stay in a Hospital or Other Medical Facility

If your medical condition exceeds the level of care provided at a special medical needs shelter or you require hospitalization or one-on-one care, we recommend you work with your physician or medical provider to arrange the safest shelter option for you, which may include a hospital or other medical facility.

Understanding the Terminology

A tropical cyclone is a rotating, organized system of clouds and thunderstorms that originates over tropical or subtropical waters and has a closed low-level circulation. Tropical cyclones rotate counterclockwise in the Northern Hemisphere.

Tropical Depression—A tropical cyclone with maximum sustained winds of 38 mph (33 knots) or less.

Tropical Storm—A tropical cyclone with maximum sustained winds of 39 to 73 mph (34 to 63 knots).

Hurricane—A tropical cyclone with maximum sustained winds of 74 mph (64 knots) or higher. In the western North Pacific, hurricanes are called typhoons; similar storms in the Indian Ocean and South Pacific Ocean are called cyclones.

Major Hurricane—A tropical cyclone with maximum sustained winds of 111 mph (96 knots) or higher, corresponding to a Category 3, 4, or 5 on the Saffir-Simpson Hurricane Wind Scale.

A Post-Tropical Cyclone is a system that no longer possesses sufficient tropical characteristics to be considered a tropical cyclone. Post-tropical cyclones can still bring heavy rain and high winds.

Sign up for Alerts

Attention Davie Residents and Businesses! Sign up for Town of Davie Alerts at www.davie-fl.gov

Your safety is our top concern. Early warning helps save lives and property. That is why the Town of Davie wants to make sure that you know about emergencies and disasters as they happen.

The system can deliver messages to you in any way you want—on your home phone, cell phone, or by email. We may also use the system in nonemergency situations to let you know about important Town-related events, such as meetings and road closures, if you choose to register for that feature.

The process begins when the Town issues a message about a potential safety hazard or concern. Messages will be sent to all standard voice and text communication devices, including listed landline phones, cell phones, and emails. If you do not confirm receipt of the message, the system will try to reach your second contact number or email. The system will continue to try to contact you until it receives a confirmation from you.

Your help is critical.

The success of this service relies on you. Having your latest contact information is the only way to ensure that we can contact you in an emergency. Please register your contact information as soon as possible. Registering is easy and only takes a few minutes. Visit www.davie-fl.gov, and click on the Davie Citizen Alert Button on the front page.

Thank you in advance for your cooperation and participation in this important program. For questions, please contact Public Relations Coordinator Anita Reid at areid@davie-fl.gov, or call 954-797-1102.

Pet-Friendly Red Cross Shelter

A pet-friendly shelter operated by the American Red Cross and the Broward County Humane Society is available to residents with pets who either live in an evacuation area or in a mobile home anywhere in Broward County.

Preregistration is required. To register, call 954-989-3977.

DAVIE OFFERS LARGE ANIMAL HURRICANE RELEASE PROGRAM

The Town of Davie is currently accepting preregistration applications for a Temporary Release Program for large animals. The Town will open a neighborhood center to serve as a holding area before and during a hurricane or natural disaster. In order to qualify for the temporary release program, you must be a Davie resident or your horse must be boarded in or live in Davie.

Once a hurricane warning has been issued, the site will open for preregistered horses only. This site will reopen to retrieve your horses when the winds have subsided to a maximum of 40 mph. You are encouraged to visit the site for yourself before completing your preregistration form to determine whether you feel it is safer than your current situation. Remember, this turnout site is for Davie residents, or your horse must be boarded in or live in Davie.

The cost for the program is \$40 per horse. This fee must be included with your preregistration. Preregistration forms are available by contacting Jeffrey Pohlman at 954-797-1163, or Jpohlman@davie-fl.gov, or by downloading an application and other important information by visiting the Town of Davie at www.davie-fl.gov, and clicking on Hurricane Information.

By Assistant Town Administrator Phillip R. Holste

Congress created the National Flood Insurance Program (NFIP) in response to the rising cost of taxpayer-funded disaster relief for flood victims. The NFIP makes federally backed flood insurance available in communities that agree to adopt and to enforce floodplain management ordinances to reduce further flood damage. In addition, the NFIP's Community Rating System (CRS) rewards community floodplain management activities that exceed program standards with flood insurance premium discounts for that community.

The Town of Davie has participated in the CRS program since 1992. Through the annual accreditation process, the Town is a Class 7 community, which gives Davie residents living in a Special Flood Hazard Area (SFHA) a 15% discount on their flood insurance. Residents living in a non-SFHA zone receive a 5% discount.

FEMA Flood Maps

Residents and businesses are encouraged to review the Federal Emergency Management Agency (FEMA) flood maps to better understand their potential flood risk and to help identify steps they may need to take to protect against property damage and loss.

The flood maps can be accessed on the Town of Davie home page at www.davie-fl.gov Go to **HOT TOPICS** and **FLOOD MAPS**.

Should you have any questions or concerns regarding the new flood maps or need assistance determining your flood risk, do not hesitate to contact the Engineering Division at 954-797-1113.

Local Flood Hazard

A large portion of the Town of Davie is located within an environmentally sensitive drainage region known as the C-11 basin. The storm water runoff for this basin flows through secondary canals into the C-11 canal. For areas east of Nob Hill Road, the C-11 canal drains into the Atlantic Ocean. For areas west of Nob Hill Road, runoff is pumped into the Everglades.

The most recent demonstration of Davie's flood hazard occurred during Hurricane Irene in 1999. Davie received extensive rainfall that inundated the drainage system. In response to this event, the Town made drainage improvements in Green Acres, Little Country Estates, Oak Hill, Orange Park, Playland Village, Royal Palm Estates, Sequoia Estates, Silver Lake, Sunnyland Farms, Sunshine Village, and Vista Filare.

The Town Council has commissioned a stormwater master plan to review the Town's existing drainage infrastructure and to determine the future needs of the system.

Flood Insurance

Standard homeowner's insurance policies do not cover losses due to floods. Flood insurance is available to any owner of insurable property (a building or its contents). Renters may also insure their personal property against flood loss. The average annual premium for flood insurance is \$420. The actual cost will vary depending upon the amount of coverage and the degree of the flood hazard. Residents can purchase policies up to \$250,000 for their homes and \$100,000 for contents. Nonresidential structures can be protected up to \$500,000 for the structure and \$500,000 for contents. We urge people who live or own property in flood-hazard areas to purchase flood insurance to protect themselves from losses due to flooding. There is a 30-day waiting period before NFIP coverage takes effect. Please note that flood insurance is required for properties with a federally backed mortgage. This insurance is especially poignant since there is a 26% chance of experiencing a flood during the life of a 30-year mortgage.

Flood Safety

You should consider the following to minimize loss to your home and

to ensure your family's safety.

What Should I Do Before A Flood?

- Take photos or videos of your important possessions.
- Post emergency telephone numbers by the phone, and teach children to dial 911.
- Plan and practice a flood evacuation route with your family.
- Establish an out-of-state "family contact person," and ensure that everyone in your family knows that person's name, address, and phone number.
- For drains, toilets, and other sewer connections, install backflow valves or plugs to prevent floodwaters from entering.

What Should I Do During A Flood?

- Fill bathtubs, sinks, and jugs with clean water.
- Listen to a battery-operated radio to keep you informed.
- If instructed, turn off all utilities at the main power switch and the main gas valve.
- If told to evacuate your home, do so immediately.
- If waters start to rise inside your house, retreat to the highest floor, attic, and, if necessary, the roof.
- If you have come in contact with floodwaters, wash your hands with soap and water.
- Avoid walking through floodwater; as little as six inches of moving water can knock you off your feet.
- Do not drive through a flooded area. If you come upon a flooded road, take another route.
- Stay away from downed power lines or electrical wires.
- Look out for animals.

What Should I Do After A Flood?

- If your home has suffered damage, call your insurance agent.
- Take photos of any water in the house, and save damaged personal property for insurance purposes.
- Check for structural damage before reentering your home, and do not enter if a portion of the building has collapsed.
- Upon reentering your property, do not use matches and cigarette lighters since gas may be trapped inside. If you smell gas or hear hissing, open a window, quickly, and call the gas company from a neighbor's home.
- Keep power off until an electrician has inspected your system for safety.
- Check for sewage and waterline damage. If you suspect damage, avoid using the tap, and call a plumber.

- Throw away any food – including canned goods – that has come in contact with floodwater.
- Until local authorities declare your water supply to be safe, boil water for drinking and preparation.

Property Protection Measures

Property protection measures, including retrofitting, should be taken with the onset of a flood or if your home is susceptible to flooding. If flooding is likely and time permits, move essential items and furniture to the upper areas of your home.

Keep materials like sandbags, plywood, plastic sheeting, and lumber handy for emergency waterproofing. This action will help to minimize the amount of property damage caused by floodwaters.

Retrofitting involves the modification of surrounding terrain and your home to reduce the risk of flooding. Surrounding terrain modifications include the installation of an earthen berm or small floodwall.

Home modifications include raising the home, waterproofing the walls, and elevating electrical panel boxes, furnaces, water heaters, and washers and dryers to locations less likely to be flooded. If you need property protection or retrofitting advice, please contact the Engineering Department at 954-797-1113.

FEMA grants can be obtained to assist residents in retrofitting their homes. For more information, contact the Engineering Division at 954-797-1113, or visit www.FEMA.gov.

The Town of Davie is an area subject to tropical storms and hurricanes. Homeowners should mitigate for high winds. These mitigation measures include the installation of storm shutters, shatter-resistant windows, and reinforced garage doors. Please visit Floridadisaster.org to get information on strengthening your home. Residents can also obtain local hurricane info by clicking the “Hurricane Information” link under Links For Residents on the Town’s homepage.

Natural and Beneficial Functions

State regulations protect those natural areas that help to reduce the risks associated with flooding. When portions of floodplains are preserved in (or restored to) their natural state, they provide many benefits to both human and natural systems. In particular, the Everglades Aquifer, which provides drinking water to the South Florida area, benefits from the preservation of natural areas. These benefits range from providing aesthetic pleasure to reducing the number and the severity of floods, to helping handle storm water runoff and minimizing nonpoint water pollution. Nonpoint is the opposite of a direct pipe or point pollution discharge. For example, by allowing floodwater to slow down, sediments settle out, thus maintaining water quality. The natural vegetation filters out impurities and uses excess nutrients.

Flood Warning System

The Broward County Office of Emergency Management, in coordination with the National Weather Service, relays updates of threatening weather to government and media outlets. Flood warnings or watch advisories are issued through local radio and TV stations. These advisories are broadcast on radio (including WIOD 610 AM and WFTL 1400 AM), television (including WFOR–Channel 4, WTVJ–Channel 6, WSVN–Channel 7, and WPLG–Channel 10), and other media outlets.

The Town also has an information hotline that provides details on advisories relating to emergencies, including hurricanes. This hotline is updated as necessary and can be reached at 954-797-1122.

Floodplain Development Permit Requirements

The Town of Davie has adopted regulations on floodplain development. The regulations control the alteration of the natural floodplains; prevent or regulate the construction of flood barriers which will unnaturally divert floodwaters or which may increase flood hazards in other areas; restrict or prohibit uses which may result in damaging increases in erosion or in flood heights or velocities; and control filling, grading, dredging, and other development which may increase flood damages.

Davie regulates development through the review process whereby building and engineering permits are required prior to construction, filling, or otherwise altering the natural elevations of a site. Prior to commencing site development or construction work, it is recommended that the Engineering Division be contacted at 954-797-1113. To report illegal floodplain development, please contact the Engineering Division.

Elevation certificates are required as part of the permitting process for all newly constructed or substantially improved buildings in Davie. The certificate documents and the base flood elevation (BFE) of new buildings is available to any inquirers. To find out if an elevation certificate has been completed for your property, call the Building Division at 954-797-1111.

Substantial Improvement/Damage Requirements

According to the Davie Building Code, a substantial improvement is defined as “any repair, reconstruction, or improvement of a structure, the cost of which equals or exceeds 50% of the market value of the structure before the repair is started or if the structure is damaged and is being restored before the damage occurred.” Substantially improved buildings must meet the same construction requirements as a new building. Similarly damaged buildings, where repair will cost 50% or more of the original building value before the damage occurred, must be brought up to current building code and floodplain management regulations. The floodplain management regulations include that the lowest finished floor must be at or above the BFE. The Town building officials make the determination as to whether a structure is considered substantially improved or substantially damaged.

Drainage Systems Maintenance

The Town is served by a manmade system of primary and tributary canals and swale areas that was constructed originally to drain the Everglades and now to accommodate the flow of water for storm water management purposes. These drainage features are critical to the success of water management practices which are incorporated into the development review process. State law prohibits dumping or unauthorized obstructions or alterations of the drainage canals or swale areas. Illegal dumping can lead to clogged swales and canals that will not properly carry water away during a rain event. To report illegal dumping, please contact Code Compliance at 954-693-8237.

The Town's canal system is maintained on a regular basis by the local drainage districts. These districts include the Central Broward Water Control District, the South Broward Drainage District, the South Florida Water Management District, and the Tindall Hammock Drainage District.

The Public Works Department conducts an annual inspection of the drainage system to ensure proper maintenance. To report a drainage problem, residents can contact the Public Works Department at 954-797-1240 or can access the Town's Citizen Support Center by clicking "Talk To Us" on the Town's website, www.davie-fl.gov.

Davie Fire Rescue Department

Julie Downey is Appointed as Fire Chief

Town Administrator Richard J. Lemack announced the appointment of Julie Downey as Town of Davie Fire Rescue Chief effective Monday, May 9, 2016. Chief Downey is the first female fire chief to be appointed in Broward County, Florida.

In appointing the new fire chief, Mr. Lemack stated that “Chief Downey is overwhelmingly supported and recognized for her credentials, command presence, equitable leadership style, technological advancements, and interpersonal skills. She is a respected leader in fire service and has been instrumental in advancing our department to have state-of-the-art equipment and training and apparatus incorporating cost savings.” Her accomplishments in the area of emergency management and program advancement have been recognized locally, regionally, and nationally.

Chief Downey, a Davie resident, has served 34 years in the fire rescue service and has been with the Town of Davie for the past 12 years in the capacities of Battalion Chief and Assistant Fire Chief. She has earned degrees in Organizational Leadership, Nursing, Fire Sciences, and Emergency Management. Chief Downey has authored mass casualty incident procedures, EMS protocols, and numerous grants, lectured at conferences, instructs, and is appointed to task forces. Her certifications and professional memberships are impressive and attest to her ability to lead the Davie Fire Rescue Department.

Chief Julie Downey is proudly welcomed as the newest leader of the Davie Fire Rescue Department following in the footsteps of her well-esteemed predecessor, the late Chief Joseph J. Montopoli. With fortitude, she will continue to move the Fire Rescue Department forward serving the Town of Davie and its citizens with pride and professionalism while maintaining its core values and honorable traditions that have been bestowed from the years past. Chief Downey’s progressive vision looks to the future with vitality and enthusiasm as she confidently prepares the next generation of leadership to pave the way for unprecedented success and innovation in the delivery of the finest public safety service offered today.

Drowning Prevention

Safe Sleep For Your Baby

Here are 10 ways that you can prevent your baby from dying from an accidental sleep-related death:

1. Always place your baby on his or her back for each and every sleep.
2. Place your baby to sleep alone in a crib, bassinet, or pack-n-play on a firm mattress with a tight-fitting crib sheet.
3. No pillows, toys, bumper pads, loose bedding, or blankets in the baby’s crib.
4. Do not allow smoking around your baby.
5. Do not allow your baby to sleep in bed with you, other adults, or children.
6. Your baby should sleep in the same room with you.
7. Do not allow your baby to overheat. Dress your baby as you would dress for the day.
8. Offer your baby a clean, dry pacifier when placing baby down for sleep.
9. Breastfeeding is best for your baby. It has many health benefits for mother and baby.
10. Make sure anyone caring for your baby knows that your baby only sleeps **Alone** on his or her **Back** in a **Crib** (**follow the ABCs**).

Layers of Protection To Prevent Drownings

Supervision: Make sure that someone is always actively watching the water when a child is in the pool. Assign a “Water Watcher” to ensure that a responsible adult is supervising the child.

Barriers: Children should never have accessibility to water without being accompanied by an adult. Have several barriers (in case one fails) to physically block a child from a pool. Barriers include door alarms, pool fences, self-latching gates, childproof locks, and pool covers.

Emergency Response: Early activation of EMS, CPR, and Rescue Breathing can mean the difference between life or death. Keep a phone by the pool, and learn CPR and Rescue Breathing.

Town of Davie Swim Lessons

Mommy and Me Swim Classes are for children 6 months to 3 years of age. Classes are geared to help young children get ready to swim and for water safety. This class will emphasize fun in the water, elementary swimming skills, including water entry, bubbleblowing, kicking, floating, and underwater exploration.

Preschool Swim Classes are for children ages 3 to 5 years old. Children learn water safety, survival skills, and foundational swimming concepts in a safe environment. Fundamental skills like kicking and coordinating arm and leg movement are introduced.

Please call 954-327-3927 or email rkelvos@davie-fl.gov for class schedules.

Planning & Zoning Board

Public Hearings

Town residents should be aware that whenever you see a yellow sign on a property announcing a public hearing, the Planning and Zoning Board is usually the first public hearing for consideration of the proposal.

All the meetings are held in the evening to make it easier for the public to participate.

The Planning and Zoning Board conducts a public hearing on each item and ensures that all the issues are thoroughly explored before any recommendation is made.

Utilities

Saving Money on Your Monthly Water Bill

Did you know that if you receive a Davie water bill, you may get a water conservation kit for free? All you have to do is visit Utilities Customer Service at Davie Town Hall, and pick up your free low-flow showerhead aerators for bath, sink, and kitchen. Those nifty leak detection tablets for your toilet are also available.

By replacing just one showerhead with a WaterSense® labeled model, the average family can save the amount of water that it takes to wash 70 loads of laundry and conserve enough energy to power a home for 13 days each year. (WaterSense.com).

Keep in mind: water needs a high level of treatment to make it drinkable. If drinking water is wasted, then, instantly, electricity, labor, and money needed to treat that water are wasted too.

You may find more suggestions on how to save water and money on the Utilities webpage at the Town of Davie's website.

Classes are held at the Pine Island Multipurpose Center every Tuesday and Friday from 10 to 11 a.m. There is no cost for seniors and SilverSneakers members. Call 954-327-3941 for more information.

Spring Fashion Show

The Senior Citizen Advisory Committee and the Town of Davie teamed up to host a Spring Fashion Show fundraising event this past April. The afternoon of fashion models and food took place at Robbins Lodge.

During the event, the seniors and volunteers held a fashion show, luncheon, and auction to help raise money for the Town of Davie's Community Endowment Fund. Since 1993, the Town has provided funding to local nonprofit agencies through the Community Endowment Fund to assist with services for residents. These services range from human services, such as childcare and food banks, to the enhancement and appreciation of culture and the arts.

Robbins Lodge was filled to capacity, and everyone had a great time. Lunch was catered by DelVecchio's Italian Restaurant. Dress Barn provided the clothing, and a number of local businesses and people donated items to be auctioned. We cannot wait until next year's show!

Clothing & Shoes Recycling Program
Making a Local Difference

Go Green on July 4, by bringing a plastic bag or two (tied) to the Town's Independence Day Family Fun Day at Pine Island Park located at 3801 S. Pine Island Road. The bags can be dropped in the recycling truck or the bins marked with the Town of Davie logo.

The bright white clothing recycling bins are easily identified by the Town of Davie logo (as pictured below) and are placed at popular locations throughout the Town. The bins provide residents with many convenient places to drop off their clothing and shoes while assisting the Town of Davie in this Green Effort.

These Bins are pulling a double-duty on a local level

Not only are they helping the environment by keeping clothing, shoes, and textiles out of our local landfill, they also help fund 12 local organizations through the Town's Community Endowment Fund. So, the next time you see one of the Town's clothing recycling bins, give it a big thumbs-up for working so hard.

So what are you waiting for? Let's fill the Bins!

The next time you clean out your dresser, closet, garage, or storage unit, be sure to gather the clothes and shoes you want to recycle and drop them off at a bin near you. You can find a complete list of the dropoff locations online at DavieClothingBins.com. The bins are open 24/7/365 for your convenience.
