Ordinances First Readings (Second and Final Reading to be held on July 27, 2016)

19. **CODE AMENDMENT** - AN ORDINANCE OF THE TOWN OF DAVIE, FLORIDA, AMENDING THE FOLLOWING SECTIONS OF CHAPTER 12, LAND DEVELOPMENT CODE: ARTICLE III, USE REGULATIONS, SEC. 12-32, PERMITTED USES; SEC. 12-33, GENERAL REGULATIONS; SEC. 12-34, STANDARDS FOR SPECIFIC USES; ARTICLE IV, DISTRICT PERFORMANCE STANDARDS AND CAPACITY ANALYSIS; ARTICLE V, DEVELOPMENT STANDARDS; ARTICLE VI, SITE LANDSCAPING; CREATING THE FOLLOWING DIVISIONS WITHIN ARTICLE VI: DIVISION 1, LANDSCAPING, DIVISION 2, PREVENTION OF TREE ABUSE, DIVISION 3, TREE PRESERVATION, REMOVAL AND RELOCATION; AND

Mr. Rayson read the ordinance by title and stated the second reading would be held on July 27.

Mayor Paul opened the public hearing portion of the meeting. As no one spoke, Mayor Paul closed the public hearing portion of the meeting.

Mayor Paul was concerned about the language “similar final components” because it was not specific enough. David Quigley, Planning and Zoning Manager, explained that work such as installing electronics, carpet and drapes had been done at the property for many years. He said they had discussed the rezoning with neighbors, who were more concerned about other properties being rezoned and other uses occurring. Mayor Paul wanted to ensure that the western section of the river was protected. Mr. Quigley explained he had been trying to manage the existing situation, not create a new commercial or industrial area.

Councilmember Caletka believed they could have an environmental impact study conducted that would delineate the impacts from these uses. Mayor Paul wanted to include a requirement for an independent environmental study prior to any further development in this area. Mr. Quigley pointed out that dock usage in the area caused 90% of the environmental impacts.

Mr. Quigley stated if Council had concerns about this item, there was time to address those concerns between the first and second readings. However, there were a number of other items contingent upon the outcome of this item. He reminded Council that all business underwent an annual fire inspection.

Councilmember Hattan said boat shop owners had complained that the Town was not pursuing shops that were doing work that violated Town code, such as painting. Mr. Quigley stated Code Compliance had cited two neighboring properties recently.

Mr. Quigley agreed to add more specificity to the ordinance regarding the type of work that could be conducted.

John Voight, representing Anchor Yachts, said they sold large boats and took them to the boat shows. He said no repair, sanding or painting was taking place at Anchor Yachts.

Councilmember Caletka made a motion, seconded by Vice-Mayor Luis to approve, with the condition that Mr. Quigley create more specific language regarding what work could be done. In a roll call vote, the vote was as follows: Mayor Paul - yes; Vice-Mayor Luis - yes; Councilmember Hattan - yes; Councilmember Caletka - yes; Councilmember Starkey - yes. (Motion carried 5-0).

Quasi-Judicial Consent Items

11. **Site Plan SP15-311, Davie Junction**, 4760 SW 64th Avenue (currently zoned A-1, RM-12 proposed). **(tabled from May 18, 2016) (see related items # 12, 20, & 21)**

David Abramson, Deputy Planning and Zoning Manager, recalled that these items had been tabled due to concerns about tree preservation, the number of variances and density. Regarding the tree preservation, the applicant continued to request removal of laurel oak #1. The Town’s arborist had reviewed the tree mitigation plan and determined that no contribution to the Tree Preservation Fund would be required, even if the laurel oak was removed. Regarding the number of variances,

the applicant had removed all variance requests except the side setback, which was proposed to be 16 feet. Mr. Abramson noted that the Town had received no objections regarding that request from adjacent property owners. Regarding the density, the applicant had removed two dwelling units from the proposed development, which increased onsite open space, provided for the full width of the required scenic corridor buffer. He had also reduced the rezoning request to RM-10 and amended the plat restrictive note to reflect 12 dwelling units.

Jeff Evans, applicant, stated the arborist had concluded that the laurel oak could not survive the development. He noted they would be able to save the live oak, which would benefit from the removal of the laurel oak.

Vice-Mayor Luis was pleased with the changes and said he would approve this.

Vice-Mayor Luis made a motion, seconded by Councilmember Hattan to approve, including the Site Plan Committee recommendations, with the removal of the laurel oak. In a roll call vote, the vote was as follows: Mayor Paul - yes; Vice-Mayor Luis - yes; Councilmember Hattan - yes; Councilmember Caletka - no; Councilmember Starkey - yes. (Motion carried 4-1).

(Rezoning ZB15-312, Davie Junction, 4760 SW 64th Avenue, zoned A-1; ~~RM-12~~ **RM-10** proposed). (**tabled from May 18, 2016**) (see related items # 11, 12, & 21)

ANIMAL FASHION SHOW AND OPEN HORSE SHOW. Mayor Paul reminded everyone that the Animal Fashion Show would be from 10 a.m. until noon Sunday, with registration starting at 9 a.m. The horse show would begin at noon, with time and games starting at 2:00-2:30 p.m.

DAVIE WOMEN'S CLUB. Mayor Paul announced that on May 16, 2016, the club had been entered into the National Register of Historic Places.

COUNTY COMMISSION MEETING. Mayor Paul and Mr. Rayson had attended the meeting recently when the one-cent transportation/infrastructure sales tax was discussed. Mayor Paul said Commissioner Lois Wexler had stood up for the Town during the meeting. She advised that Council might need to call an emergency meeting to rescind their original resolution and adopt a new one.

THANKS TO MR. TAYLOR. Mayor Paul thanked Mitch Taylor, Intergovernmental Affairs Coordinator, for completing the Farm Park funding grant.

MEMORIAL DAY. Mayor Paul said this year, the Boy Scouts had awarded two living and two deceased World War II vets the Medal of St. George. One was Mort Kalin, whom the Town had honored at one of the Veterans Day programs.

COUNCILMEMBER CALETKA

THANKS TO OFFICER GREEN. Councilmember Caletka said Officer Green had checked up on him when he noticed his house lights were on later than usual recently and thanked him for being so conscientious.

COUNCILMEMBER STARKEY

WASHINGTON VISIT. Councilmember Starkey distributed information from the Washington trip and said it had been very successful. They had discussed sober homes, the Zika virus and additional funding to address it. She said they were seeking funding past September when current money would run out. Councilmember Starkey stated sober homes were not rehabilitation or recovery centers; they were homes for sober people. She said they had tried to change the mindsets of some people in Washington regarding the definition. They also wanted home rule to prevail regarding distance separations. Councilmember Starkey said they had also discussed transportation funding. She thanked Mitch Taylor, Intergovernmental Affairs Coordinator, for his help.

VICE-MAYOR LUIS

FRAUD PROTECTION TIPS. Vice-Mayor Luis advised everyone that the Davie Police Department had posted tips on the Town website.

RUNNING MAN. Vice-Mayor Luis wondered where the Police Department participants were.

CHIEF DOWNEY. Vice-Mayor Luis was proud that Davie was the first municipality to appoint the first female Fire Chief.

COUNCILMEMBER HATTAN

HAPPY BIRTHDAY. Councilmember Hattan wished Mayor Paul a Happy Birthday.

HAVE A GOOD HIATUS. Councilmember Hattan wished everyone a happy, healthy hiatus until July.

XIV. TOWN ADMINISTRATOR'S COMMENTS

SILVER OAKS/PALMA NOVA PROPERTY. Mr. Lemack recalled the sale of the property had been in two closings and the second had taken place on May 31 for the remaining 10 ³/₄ acres for \$5 million. The funds had been deposited in the Capital Project Fund.

RICK CASE/GOV. LEROY COLLINS WETLAND. Mr. Lemack said the contract closing had been extended from 6/30/16 to 10/1/16. This would provide additional time for them to work through the land development process.

77 AVENUE WATER PROJECT. Don Bayler, Utilities Director, reported the health Department had approved all construction as of Tuesday and the contractor would meet to discuss scheduling the connection to the new water main, which hopefully would begin the following Monday.

FIREWORKS ISSUES. Police Chief Patrick Lynn reminded everyone that State Statute prohibited the use of any firework that exploded or launched into the air. Also, Davie prohibited setting off any firework within 1,000 feet of livestock or a barn. He said he would use additional officers this year and encouraged people to call in when there was a violation. Councilmember Starkey asked Chief Lynn to have officers near Mayor Paul's residence where there was a problem every year.

XV. TOWN ATTORNEY'S COMMENTS

INFRASTRUCTURE/TRANSPORTATION SURTAX. Mr. Rayson said County Commissioners Tim Ryan, Chip LaMarca, Dale Holness and Mark Bogen were "very militant" and supported a transportation surtax only. He said Mayor Daniel Stermer of Weston had been negotiating with Commissioner Ryan but "the goal posts keep moving." There had been talk of two half-cent surtaxes, which Mr. Rayson felt would fail. The County Attorney believed this required two referenda but Mr. Rayson's research indicated that Florida Statute 212.55 contained both infrastructure and transportation. He pointed out that the resolution language must be submitted to the Supervisor of Elections within two weeks. Mr. Rayson now believed it would take a "preternatural force of nature to get this done." Councilmember Caletka reminded Council that the MPO had expanded its Board a few months ago and the local delegation, the Governor and Secretary of Transportation had all approved it. This expansion included an additional seat for a County Commissioner. Councilmember Caletka informed Council that Commissioner Bogen, at his first MPO meeting, had informed the board that the County did not recognize this change because the County had ultimate approval over the MPO. The County Commission had also not appointed their additional member to the MPO board, signaling their intransigence. Councilmember Starkey feared the County Commission was trying to postpone the surtax to the 2018 election. She felt it would not be approved then because of all the other items that would be on the 2018 ballot.

XVI. ADJOURNMENT

There being no further business to discuss and no objections, the meeting was adjourned at 8:38 pm.
