TOWN OF DAVIE ENGINEERING DESIGN STANDARDS MANUAL

FOREWARD

This Engineering Design Standards Manual was developed for the Town of Davie with the purpose to serve as a design aide for developers, contractors and engineers to conform within the design requirements in accordance with the Town Code of Ordinances and applicable local regulating agencies.

These design scope contained in this manual is restricted to grading, paving, drainage, roadway lighting and traffic standards.

For permitting procedures within the Town of Davie please refer to:

- The Town of Davie Development Services Department Engineering Division Inservice Training Booklet, developed by the Town's Engineering Division. This book can be obtained at the Engineering Division office for a fee of \$35.00.

For water and sewer Standards within the Town of Davie please refer to:

- The Town of Davie Water and Sewer Design Standards Manual, established by the Town's Utilities Department. This book or CD can be obtained at the Utilities Department office for a fee of \$35.00.

For additional requirements on the storm water management portions of this manual refer to:

- South Florida Water Management District's Environmental Resource Permit Information Manual (Volume IV).
- Facility Report District Inventory Hydraulic Modeling for Central Broward Water Control District.
- Central Broward Water Control District's Regulations, Procedures and Design Criteria, Section 2-Engineering Criteria.
- The Tindall Hammock Irrigation and Soil Conservation District Permit Criteria Manual.

For additional information on the roadway design portions of this manual please refer to:

- Town of Davie Land Developments Code
- Broward County Highway Construction and Engineering Division Minimum Standards Manual
- State of Florida Department of Transportation Design Standards Manual, 2007.

The following are general contact information for the following drainage districts located within the Town of Davie:

- South Florida Water Management District
3301 Gun Club Road
West Palm Beach, FL. 33416
Telephone #- 561-686-8800

- Central Broward Water Control District
8020 Stirling Road
Hollywood, FL. 33023
Telephone #- 954-432-5110

- Tindall Hammock Irrigation & Soil Conservation District
800 East Broward Boulevard
#601
Ft. Lauderdale, FL. 33301

TOWN OF DAVIE
ENGINEERING DESIGN STANDARDS MANUAL
TABLE OF CONTENTS

DESCRIPTION	Page No.
--------------------	-----------------

SECTION I – Roadway Design Criteria

1.1	General Roadway Design	3
	Table I (Roadway Design Criteria Table).....	4
1.2	Cul de Sacs and Dead-End Streets.....	5
1.3	Alleys.....	5
1.4	Design Criteria for Local Streets by Developments Type.....	5
1.5	Design Elements of the On-site Circulation System.....	5
	1.5.1 Parking Stalls and Aisles.....	6
	1.5.2 Geometric Dimensions.....	7
	1.5.3 Driveways.....	7
	1.5.4 Circulation Design.....	8
	1.5.5 Parking and Loading Areas to be Curbed.....	8
	1.5.6 Sight Distance.....	8
	Table II (Min. Aisle Dimensions at Various Parking Angles).....	9
1.6	Roadway Pavement Design.....	9
	Table III (Pavement Design Table).....	12
1.7	Sidewalks and Swale Designs.....	12
	1.7.1 Sidewalks.....	12
	1.7.2 Swales.....	13
1.8	Traffic Calming.....	13
	1.8.1 Speed Tables.....	13
	1.8.2 Brick Pavers.....	14
	1.8.3 Guardrails.....	14
	1.8.4 Curbs and Gutters.....	14
	1.8.5 Roundabouts.....	14
1.9	Lighting Standards.....	14
	1.9.1 Illumination Standards.....	14
	Table IV (Illumination Standards Table).....	15
	1.9.2 Light Pole Standards.....	15
1.10	Roadway Markings and Signage.....	15
1.11	Maintenance of Traffic.....	15
1.12	Roadway Levels of Service (LOS)	16

SECTION II – Storm Water Management

2.1 Stormwater Systems..... 17

 2.1.1 Water Quality..... 17

 2.1.2 Dry Retention/Detention..... 17

 2.1.3 Canal, Ditches and Ditches..... 18

 2.1.4 Water Bodies..... 18

 2.1.5 Soils and Ground Storage..... 19

 2.1.6 Exfiltration Trench Systems..... 20

 2.1.7 Perimeter Berms..... 20

 2.1.8 Hydraulic and Pipe Design Standards..... 20

 2.1.9 Drainage Structures..... 21

 2.1.10 Stormwater Pollution Prevention Measured (NPDE)..... 22

 2.1.11 Roof Drainage..... 22

 2.1.12 Acceptable Structures..... 23

 2.1.13 Inspection and Shop Drawings..... 24

2.2 Minimum Elevation Criteria..... 24

 2.2.1 Finished Floor Elevations..... 24

 2.2.2 Minimum Roadway/Parking Lot Elevations..... 24

2.3 Grading Criteria..... 25

 2.3.1 Residential..... 24

 2.3.2 Commercial..... 25

 2.3.3 Roadway/Parking Lots..... 25

 2.3.4 Stormwater Facilities..... 25

SECTION III – Excavation and Fill Criteria..... 27

3.1 Site Fill 27

3.2 Excavation 27

3.3 Back Fill and Compaction 28

3.4 General 28

SECTION IV – Clearing and Grubbing Criteria..... 29

SECTION V – Pavement and Roadway Details..... 30

SECTION VI – Drainage Details..... 31
