Town of Davie – Hacienda Village – to Chlorinate Water System

Water Treatment Scheduled for October 16 – November 6, 2020

The Town of Davie -Hacienda Village (please see map) will temporarily switch to using free chlorine in its drinking water system. This preventive maintenance procedure will begin at 9 a.m. on Friday, October 16, 2020 and will end at 9 a.m. Friday, November 6, 2020.

Free chlorination is a common practice for water systems using chloramines for disinfection. The chlorination period is anticipated to be transparent to our customers; however, some may notice a slight change in the taste or smell of their tap water. In addition, some customers may see water running from fire hydrants in their neighborhoods, which is part of the normal maintenance process.

This procedure will affect the City of Fort Lauderdale, as well as Lauderdale-by-the-Sea, Oakland Park, Port Everglades Authority, Village of Sea Ranch Lakes, Wilton Manors and sections of Davie and Tamarac (east of State Road 7/441).

For more information:

Customers who receive a utility bill from the Town of Davie should call 954-327-3742. for more information. (After hours 954-327-3750)
