

# 2022 SHRED-A-THON & PRESCRIPTION DRUG DROP OFF

Protect yourself from identity theft by bringing your confidential documents for on-site shredding. Sensitive documents can include pay stubs, canceled checks, financial and credit card statements, paid bills, old tax filings, and other documents that may include confidential information such as account numbers or Social Security numbers.

The prescription drug drop-off program collects unwanted prescription drugs from the public so that they can be disposed of properly and in accordance with federal and state laws and regulations.
