COLD CASE - LEGISLATIVE AWARENESS MEDIA BRIEF

- **DATE: 11/03/2023**
- **TIME: 1:30 PM**
- **LOCATION: DAVIE POLICE DEPARTMENT (1230 S. NOB HILL RD, DAVIE, FL 33324)**

You are cordially invited to join Senator Rosalind Osgood as she discusses the Cold Case Bill that is currently being drafted. The proposed bill aims to provide support to families of victims by enabling them to request updates on their loved ones' cases. Florida has an alarming number of unsolved homicide cases, which is a matter of concern for us all.

We believe that every family deserves closure and the opportunity to have their loved one's case reopened. We need to work together to ensure that the same perpetrators of these heinous crimes are brought to justice and that our communities are safe.

Ryan Backmann, the Founder of Project Cold Case, will discuss topics related to supporting affected families. Multiple law enforcement representatives will be in attendance, along with families of the victims, to share their stories and experiences.

Also joining us will be Florida House Representative Christopher Benjamin.

This event will be hosted by Detective Eddy Velazquez and Crime Scene Investigator Bertha Hurtado from the Davie Police Department.
